

**DEMOLISHED** — Michael T. Murphy, 19, of 605 Albin Ave., demolished his car when he ran off the left side of Ohio 41-S and crashed into a cement culvert. Murphy was pinned in his car for 10 minutes until Sheriff's deputy Charles Wise

and Gerstner-Kinzer ambulance personnel, Gary Kellenberger and Tom Weaver, could free him. He is presently in guarded condition at Fayette Memorial Hospital.

### Victim suffers multiple fractures

## Youth badly hurt in crash

A young Washington C.H. resident remains in guarded condition at Memorial Hospital after an accident investigated by the Sheriff's Department last Friday night.

Michael T. Murphy, 19, of 605 Albin Ave., received a compound fracture of the left leg, a fractured arm and a fractured pelvis, a punctured lung, severe lacerations of the face and broken teeth in the one car crash which occurred at 10:50 p.m. Friday.

The car he was driving south on Ohio Rt. 41 left the left side of the road on a curve and traveled 210 feet in a ditch, struck a fence owned by W.J. Fannon, Rt. 6, and then went 107 feet farther before colliding with a concrete culvert.

Murphy was brought to Memorial Hospital where his condition presently is termed as "guarded" by hospital attaches.

Sheriff's deputies made a blood relay from the Franklin County Blood Bank early this morning at the request of Dr. Shaw, surgeon. Seven pints were required for the crash victim.

Sheriff's deputies have charged Murphy with reckless operation. His car was demolished.

**AN ACCIDENT** involving cars driven by Ronald E. Caudill, 27, Jamestown, and Martha H. Aills, 32, Milledgeville occurred at 3:25 p.m. on the CCC-Highway-W.

Ms. Aills was charged by sheriff's deputies with driving left of center. Both cars were moderately damaged. A Jeffersonville man, charged by city police with reckless operation,

collided with two parked cars at 3:25 a.m., today.

Myron E. Ytree, 36, struck parked cars owned by Gelina Mullins, and Glenn G. Johnson, 616 Delaware St., which were parked in front of that address.

The Washington C.H. Fire Depart-

ment was summoned to wash gasoline off the street since the collision broke the gas tank of the Johnson car.

A car owned by Mike Long, 135 Laurel Rd., was struck by a hitskip driver sometime between 8 p.m. Thursday and 5 a.m. Friday, according to police reports. Damage was slight.

## Tapes controversy remains unsettled

**KEY BISCAYNE, Fla. (AP)** — With the Senate Judiciary Committee set to vote Tuesday on whether to take testimony about President Nixon's refusal to yield more Watergate tapes, the White House says it wants no confrontation with special prosecutor Leon Jaworski.

At the same time, President Nixon's chief spokesman and his principal Watergate lawyer emphasized anew Friday that Nixon has drawn a fine line against what was termed Jaworski's "continued and seemingly unending incursions" into presidential files.

Press Secretary Ronald L. Ziegler told newsmen the White House has "no desire to move to the point of confrontation" with the prosecutor but wants him to "proceed quickly and without further delay" in his investigations. He said there is "no intention or contemplation whatsoever" of firing Jaworski.

In a written statement, special

counsel James D. St. Clair said that to provide Jaworski with 40 additional tapes plus documents would delay grand jury investigations "many months."

Although Ziegler said neither Nixon nor St. Clair has listened to the 40 tapes sought by Jaworski, the White House lawyer said "a careful review of this request led me to the conclusion that this new material was at best only corroborative of or cumulative to evidence already before the grand jury..."

Ziegler was unable to explain how St. Clair reached this conclusion without hearing the tapes or reviewing the documents involved.

Jaworski reported to the Senate Judiciary Committee Thursday that Nixon was refusing to provide him with further evidence he requested.

Sen. Robert C. Byrd, D-W.Va., said the committee will meet Tuesday to vote on whether to call Jaworski to testify.

The special prosecutor made no comment on the Friday statements by Ziegler and St. Clair.

Ziegler was asked if the President's stance might not lead to speculation he had something to hide. The press secretary said Nixon acted out of a strongly-felt conviction that he must uphold the separation of powers and the confidentiality of his communications.

Ziegler also said that on instructions from St. Clair, he would not discuss Jaworski's reported pledge to seek no further evidence concerning the Watergate burglary and coverup if his now-denied requests were met.

## Laundered through GOP committees

# More milk money in Nixon campaign

**WASHINGTON (AP)** — Some \$200,000 in funds from the dairy lobby was secretly passed from congressional campaign committees to the Nixon re-election campaign.

The transfer, around the time of President Nixon's 1972 election victory, brings to \$727,000 the amount of money known to have passed to Nixon's political operatives from the nation's three largest dairy co-operatives.

The White House has denied allegations that the dairy lobby's political donations were linked to Nixon's decision to impose certain dairy import quotas and to raise milk price supports in 1971.

The transactions involving the dairy money were reported publicly, as required by federal law. However, the source of the money had been obscured by a series of transfers through established GOP committees.

It wasn't known that the \$200,000 taken by Nixon's campaign came originally from the milk producers until testimony to Senate Watergate committee investigators from Bob A. Lilly, political treasurer of Associated Milk Producers.

Lilly said the money had been intended for the Nixon campaign from the start and that the transfers were set up as a conduit scheme to hide the true source, according to Senate sources.

Former Nixon fundraiser Lee Nunn, contacted Friday by telephone at his home in Kentucky, confirmed that the dairy money was drawn off from the Republican House and Senate campaign committees and into the Nixon campaign.

Nunn said Nixon finance chief Maurice H. Stans arranged for the transfers as a repayment of money the President's campaign had advanced to

the two GOP congressional committees.

Public records show that the milk producers gave \$150,000 to each of the GOP congressional committees on Oct. 27, 1972. Within days, the Senate committee gave \$120,000 and the GOP House committee gave \$101,000 to the Republican National Finance Committee, headed by Stans.

Then, just after the election, that committee gave \$200,000 to the Finance Committee to Reelect the President, also headed by Stans.

The money was added to Nixon's post-campaign surplus of more than \$4 million.

## Hearst behind in bid to meet kidnap demands

**BERKELEY, Calif. (AP)** — Randolph A. Hearst has only the remainder of the long holiday weekend to meet the initial demand of his daughter's kidnapers. He says he is behind schedule.

The Symbionese Liberation Army gave Hearst until Tuesday to begin distributing \$70 worth of food for each needy Californian as a precondition for negotiations for the release of 19-year-old Patricia Hearst, abducted Feb. 4.

In a tape received from the SLA Tuesday, one of the abductors calling himself Field Marshal General Cinque said: "I am quite willing to carry out the execution of your daughter to save the life of starving men, women and children of every race."

Hearst termed the food distribution request an impossible task that could cost as much as \$400 million. However, he said he would try to comply, at least in part. He told reporters Friday he was a "couple of days behind."

"What I hope to do is give food to people who really need it and not just assume that anybody with a welfare card who wants to can go in and pick it

up," Hearst said. "I don't know the details yet."

The food giveaway program involves legal problems, Hearst told newsmen outside his mansion in Hillsborough, Calif., 15 miles south of San Francisco. He would not elaborate.

Published reports Friday identified "Cinque," a name taken from the leader of an 1839 revolt aboard the slave ship, L'Amistad, as Donald David DeFreeze, 30. The reports, in the San Francisco Examiner, the San Francisco Chronicle and the Oakland Tribune, also identified Thero M. Wheeler, 29, as a suspect.

Hearst is president and editor of the Examiner.

Charles Bates, FBI agent handling the case, called the reports "pure speculation," even though photographs of the men resembled composites made of the suspects.

"My impression is that either one could be, but there are probably 100,000 who could be suspects," Bates said. "There is nothing specific at all to link either man with the kidnaping."

## The News In Brief

### Viet cabinet quits en masse

**SAIGON, South Vietnam (AP)** — In a move that took Americans by surprise, the South Vietnamese cabinet resigned today, indicating the country's economy may be in a more serious predicament than had been thought.

Radio Saigon said the cabinet resigned to allow President Nguyen Van Thieu "to meet the requirements of the new situation of the nation." One government source said the move was made for both political and economic reasons.

It was the biggest reshuffle of the government since Thieu took office seven years ago. Thieu asked the cabinet members to stay as caretakers until new members could be chosen.

### Treasurer resigns

**WASHINGTON (AP)** — Romana Acosta Banuelos is resigning as Treasurer of the United States, a post she has held since 1972, according to sources.

The sources said Mrs. Banuelos, 49, decided to resign partly because of a reorganization of her office that reduced her responsibilities considerably.

\*\*\*\*

**KEY BISCAYNE, Fla. (AP)** — Dean Burch has resigned as chairman of the Federal Communications Commission to become a top adviser to President Nixon.

The Florida White House said Friday that Burch will serve as counselor to Nixon with Cabinet rank. Press Secretary Ronald L. Ziegler said Burch will be "a general adviser and will be involved in special projects."

**CHICAGO (AP)** — Sen. Charles H. Percy says he plans to enter the 1976 Republican presidential primaries in Illinois, Wisconsin and Michigan.

The Illinois senator told political writers here Friday he also will enter five to nine other presidential primaries in a bid for the GOP presidential nomination.

## Good farm year has conditions

**WASHINGTON (AP)** — The Agriculture Department is more optimistic about farmers prospering this year, but there are some giant qualifications.

Until now, USDA economists have been predicting 1974 net farm income will be down from last year's record of \$26 billion to a range of \$20 billion to \$23 billion.

Even at the lower end, 1974 net farm income would be the second biggest ever, eclipsing the 1972 mark of \$19.7 billion.

But Friday the department's Outlook and Situation Board said farmers can expect incomes this year to total \$24 billion to \$25 billion if record output is accomplished.

The shocker, however, was a prediction that 1974 farm profits could soar to \$30 billion if production items are short, weather is bad, harvests cut back and demand remains strong.

"On the other hand, if the energy

crisis were to generate a concerted slowdown in major foreign markets and the U.S. economy were to weaken sharply under high inflation and increasing unemployment, demand would be substantially weaker," the board said in a preliminary report on the demand and price situation.

In that case, farm income could drop to \$20 billion, the report said. Officials said the estimate of \$24 billion to \$25 billion is "most likely" for farmers in 1974.

Don Paarlberg, director of economics in USDA, said the \$30 billion figure — in a situation of strong demand and smaller production — could result from prices soaring so high that farmers would get more than enough profit to offset smaller output.

The effect on consumers, however, would be a much higher jump in food prices than expected. On Thursday, the department said it was "most likely" retail food prices in 1974 would average 12 per cent above last year but admitted they could go up 16 per cent if production falters.

Paarlberg said the potential 16 per cent rise in 1974 food prices, in that case, would be under the same conditions in which farm income jumped to \$30 billion.

## Odd-Even gas rationing system spreads

By THE ASSOCIATED PRESS

Does a motorist traveling through states with odd-even gasoline distribution plans face a morass of confusing, conflicting regulations? Nope, but he'd better carry a calendar with him.

Oregon was the first to go for the odd-even license-plate plan for selling gasoline. Since then, eight other states

and the nation's capital have instituted the program.

Two other states will adopt it soon. And at least eight other states are waiting in wings, most of them considering the Oregon plan.

That plan allows motorists with even-numbered plates to buy gasoline on even-numbered days. Odds buy on odd-numbered days.

The federal government has

prepared a coupon rationing plan but has not put it into effect. The Federal Energy Office says it would be April before its World War II-style coupon plan could be implemented if it were ordered now.

A growing number of states experiencing severe gasoline shortages and long lines at stations have adopted the Oregon plan as a way to ease the situation. Counties, cities and towns in

other states have adopted the plan without waiting for state action.

Motorists traveling through states with distribution plans will find that most of the odd-even plans are about the same. Most are voluntary and most exempt the out-of-state traveler. But there are some tricky exceptions that could foul up travel plans of the unaware.

Fayette Historical Society Building

The Fayette County Historical Society Building, 517 Columbus Avenue, has been entered in the U.S. Department of the Interior's National Register of Historic Places.

Built in 1875 by Morris Sharp, the ornate, "Italian Villa" style house occupies a prominent position at the intersection of two major streets. Sharp, who was a prominent Fayette County banker, was nominated for governor of Ohio by the Prohibition Party and polled more votes than any other Prohibition Party candidate had. The house has served as the Fayette County Museum since 1955.

The nomination of the Fayette County Historical Society Building is part of a continuing program of the Ohio Historical Society to identify sites in Ohio which qualify for National Register status.

The National Register was designed to focus nationwide public attention on important landmarks and help guarantee their preservation. Entry into the Register in no way alters ownership or administrative responsibility for the site.

## ATTENTION FARMERS!

Dr. R. D. Little, DVM, and Advanced Agricultural  
Services will sponsor a farmer's Meeting:

**Thursday, Feb. 21 7:30 p.m.**  
**JEFFERSON INN (Jeffersonville)**

The featured speaker will be D. L. Schriefer, Soils  
Consultant from Advanced Agricultural Services, a  
nation-wide soils consulting firm. Mr. Schriefer will  
cover the following very important areas:

1. How to stretch a possible short  
NITROGEN SUPPLY.
2. Tillage systems recommended by  
Advanced Agricultural Services — Will  
feature the ROTERRA Principles.
3. Managing the soil decay system.
4. The critical trace elements.
5. Research sponsored by the Advanced  
Agricultural Services.
6. Soil management and its influence on  
weeds and soil insects.

This meeting is planned as a regular Mid-Winter Seminar  
for our present clients and all other interested farmers of  
the area.

**COME . . . BRING A NEIGHBOR!**

present the program. Bricker will  
discuss the outlook of the Cattle in-  
dustry for the next two or three years  
based on current trends.

The T-Bone meetings are scheduled  
jointly by the Fayette County Cattle  
Feeders association and the  
Cooperative Extension Service to  
provide Cattle Feeders and those in  
agri-business with the latest in-  
formation relating to beef production.  
John Bryant is Chairman of the 1974 T-  
Bone Committee. Other committee  
members are Norman Schiering,  
Roger Rapp and Fred Cook, President  
of the Cattle Feeders Association.

**PORK PRODUCERS** in Fayette  
County should be making plans to  
participate in the annual Winter Pork  
Carcass Evaluation, scheduled for  
Wednesday, Feb. 27th. The Winter  
Carcass Show is open to any Fayette  
County Pork Producers 10 years of age  
or older.

The rules of the Winter Carcass Show  
specify the entries are limited to one  
barrow per exhibitor. Barrows must  
weigh 200-230 pounds. The show will  
be held at Producers Livestock Yards, at  
6:30 p.m. Feb. 27. All barrows should be

delivered to Producers by 4 p.m. on the  
27th.

David Owens is chairman of the  
Winter Carcass Show Committee. He  
has asked that all Pork Producers  
planning to enter the contest make  
advanced entries by Monday,  
February 25th. Entry forms are  
available from the Extension Office or  
Producers Livestock.

**SEVERAL FAYETTE** Countians are  
anxiously awaiting information on the  
carcass results on the Buckeye Barrow  
Show which was held recently in  
London at the Madison County  
Fairgrounds. The results are being  
announced this afternoon at 1:30 just  
prior to the Ohio Performance Tested  
Boar Sale at the Swine Evaluation  
Station.

Fayette Countians who placed high in  
the live show include Jill Schlichter,  
Prairie Road who had the Champion of  
the Junior Show; Andrews and Baughn,  
Lewis Road, Champion Hampshire;  
and Ray Warner and Son, Fairview

folks all competed for the Champion On  
Foot and all are awaiting the results of  
the carcass contest.

## Down On The Farm

Saturday, February 16, 1974

Washington C.H. (O.) Record-Herald - Page 2

## Corn, bean acreage could vary greatly

The acreage of farm land actually  
planted to corn and soybeans this  
spring could vary greatly from  
acres reported in the intentions  
report issued by the Statistical  
Reporting Service on Jan. 22. That's  
the feeling of Herbert Hadley,  
Extension economist at Ohio State  
University.

That report was based on a Jan. 1  
survey of farmers in 35 major corn and  
soybean producing states. The survey  
said U.S. farmers intended to plant 10  
per cent more acres of corn and 3.3 per  
cent less acres of soybeans this year  
than last. That would amount to 77.4  
million acres of corn and 54.9 million  
acres of soybeans.

**HADLEY POINTS** out that great  
uncertainty exists about the amount of  
nitrogen fertilizer which will be  
available at corn planting time. Corn  
acreage will also be affected by the  
weather as well as the relative prices of  
corn and soybeans at planting time.

## Selenium cleared as feed nutrient

**WOOSTER** — A new ruling by the  
Food and Drug Administration (FDA)  
permits feed manufacturers to use the  
trace element selenium as a nutrient in  
feed for swine, chickens, and turkeys.

The ruling, effective Feb. 7, is im-  
portant to Ohio hog producers and  
poultrymen since Ohio is in the heart of  
the selenium-deficient area of the  
United States, Ohio soils and the crops  
grown on them have been found to be  
marginal or severely deficient in

## Demand for eggs holds prices up

Even though a large number of young  
hens have been added to the laying  
flock during recent months, egg prices  
have been holding up. This is because  
of heavy demand for eggs, higher  
culling and slaughter of older birds,  
and fewer older hens being forced  
molted, according to Ralph Baker,  
Extension poultry economist at Ohio  
State University.

Farm producers have responded to  
higher egg prices of the past 1½ years  
by increasing the number of hens in  
their first 12 months of lay to about 7  
million above the number on hand a  
year ago. More older hens have been  
culled and slaughtered, though, and  
only 11.7 per cent of the U.S. laying  
flock has been forced molted and held  
over for an extended laying period,  
compared to 18.4 per cent last year.

The largest litter of puppies on  
record is one of 23 born to a foxhound in  
1945 in Ambler, Pa.

## Armstrong addresses cattlemen

Sen. Harry L. Armstrong (R-17th  
District) appeared with Robert  
Goettemoeller, of the Ohio Department  
of Natural Resources, this week to  
address the concerns of Ohio's cat-  
tlemen about environmental  
legislation.

Armstrong explained that the Ohio  
legislature intended for the Ohio EPA  
to cooperate with other state agencies  
and to consult with affected local  
governments and industries.

Armstrong said, "In 1971, I spon-  
sored a bill that directed the Ohio Soil  
and Water Conservation Commission to  
make recommendations regarding  
agricultural pollution and urban  
sediment control measures.

"The commission is ready to make  
its recommendations. The legislators  
should watch to see if Director Whit-  
man follows these recommendations as  
was our intent. This will reveal their  
attitude toward cooperating with other  
organizations interested in our State's  
environment."

The meeting was jointly sponsored  
by the Ohio Cattlemen's association  
and the Ohio Farm Bureau Federation.

Is this  
trip really  
necessary?

Whenever grain takes a trip off your farm and comes back in a  
feed, it can increase your cost of producing meat, milk or eggs.

Transportation costs money—whether grain goes just to town  
for grinding and mixing, or into storage for several months, or  
around the long circuit from farm through local elevator, terminal  
elevator, feed plant, feed store and back to your farm.

And there are other costs—storage, brokerage, handling, proc-  
essing—that someone must pay when you buy back grain or grain  
by-products in a feed.

So it makes sense to feed your grain before it leaves home. Even  
if you need more grain than you raise, it's good economy to buy  
it as near your farm as possible.

Avoid the costs of unnecessary grain transport and handling by  
feeding highly concentrated MoorMan's® Minitrate® or Premix-  
trate® with farm-grown feeds. Grain and roughage leave home  
only as livestock or livestock products.

You buy only proteins, minerals, vitamins and other working  
ingredients that help livestock digest and utilize grain and rough-  
age—aid in converting them efficiently and economically into  
meat, milk and eggs.

If it makes sense to you to buy only the feed nutrients you  
cannot produce or process yourself, take a good look at MoorMan  
Feeding Programs. I'll be glad to give you feed cost estimates.

# Opinion And Comment

## Beef prices: still going up

That discouraging word so seldom heard out home on the range is being heard now. The word being heard is that retail beef prices can be expected to go on climbing over the next several months. The further word is that consumers "cannot expect to return to cheap meat" even when larger supplies hit the market the latter part of the year.

The author of these views is Gordon Van Vleck, a California rancher who speaks with authority as president of the American National Cattlemen's Association. Though what the producers say in matters of this kind need not always be taken for gospel, Van Vleck's assessment does not seem far off the mark.

His outlook is not wholly pessimistic; indeed, he figures that with price controls ending there will be more beef and lower retail prices after midyear. It is evident, however, that from the consumer's standpoint "lower" does not mean "low." Van Vleck says he doubts that meat counter prices will "get down to the point before the latest rise."

Since beef prices have gone up substantially in recent weeks - from 10 to 30 cents a pound, the Cattlemen's Association reports - the prospect is not particularly heartening.

The group's spokesman naturally stressed the cattlemen's problems, pointing out that "beef production costs now are set at a much higher

level than in former years and we cannot expect a return to cheap meat." However, he did not comment on another important aspect of the matter - that is, the consumer's potential response to rising beef prices and a prospective leveling off at prices above those being paid a few weeks ago.

A lot of people discovered last summer that having steak or a big roast or hamburger dish on the table is not the only way to feed a family nutritious, tasty meals. There was much experimentation along these lines.

If beef prices go too high, one consequence may be a marked decline in demand.

## Letters To The Editor

EDITOR, RECORD-HERALD:  
Once again, some of the representatives of the State of Ohio have seen fit to attempt to levy on the citizens of this state, (with very little publicity on this one) a restriction which reads in part

... but the manufacture, sale, use, and possession of handguns shall be forever prohibited in this state."

Ohio House Joint Resolution 44 proposes a Constitutional Amendment to the Ohio Constitution to accomplish the above prohibition.

If adopted by a majority of Ohio citizens acting on this amendment, it will take effect Jan. 1, 1975.

The sponsors of this resolution do not define handguns, but go on to say "... Laws may be passed to define the term "handgun" as used in this section. "Boy, that is like signing a blank check and giving it to your big city cousins.

And all of the sponsors of this resolution are your city cousins: Rep. H.J. Lehman, Shaker Heights; Rep. J.T. McCormack, Euclid; Rep. Ike Thompson, Cleveland; Rep. J.G. Sweeney, Cleveland Heights; Rep. Pete Crossland, Akron; Rep. J.W. Rankin, Cincinnati; Rep. M.P. Stinziano, Columbus.

Public hearings on this resolution will be held Feb. 19 at 7:30 p.m. in the Judiciary Committee, third floor of the State House to hear the "FORS" and the same place, on Tuesday, March 5, at 7:30 p.m. for the opposition - That's US.

Please write, call, or contact our representative, Joseph Heistand, care of the State House, Columbus, Ohio 43215 and also the House Judiciary Committee same address. Let's let them know that Washington C.H. and Fayette County believe in just laws, strict law enforcement and courts that are just. But, we don't need another shot at prohibition of handguns. All we need is enforcement of the laws we have. Convict the killer behind the crime; no gun ever committed a crime.

**New promotion started by bank**

MINNEAPOLIS, Minn. (AP) — A Minneapolis bank has made an unusual arrangement with a downtown drinking-lunch spot called Ichabod's.

For a \$200 deposit in Farmers & Mechanics Savings Bank's new Maxibank — located next door to Ichabod's — you get a \$5 gift certificate for food and liquor. They're calling the promotion "Ichabank."

A bank spokesman said only 10 people have taken advantage of the offer so far.

The March meeting will be held at the home of Mrs. Edgar McFadden, Bloomington. Mrs. Eli Craig will have the program on "Loyalty."

## 'Sounds from America' Cecilian program theme

Contributions made by the Cecilian Music Club were announced at the meeting held in the home of Mrs. Edmond Woodmansee. Donations went to Endowment Fund, music in hospital, Berkshire music, Transylvania, NFMC Foundation for Advancement of arts, Stillman Kelley, Mac Dowell Colony and Chautauqua. These were announced by Mrs. Russell Giebelhouse.

She also presented the new slate of officers for 1974-President, Mrs. Frank Creamer; vice president, Mrs. Glen Jett; recording secretary, Mrs. Robert Bachelor; reporting secretary, Mrs. Edwin Thompson; treasurer, Mrs. Giebelhouse, librarian, Mrs. Woodmansee; and historian, Mrs. James Vess.

"Sounds From America," parade of American music, was the program theme presented to Cecilian Club members with Mrs. Milbourne Flee, chairman. Assisting was the Cecilian double trio composed of Mrs. Edwin Thompson, Mrs. Lloyd Fennig, Mrs. Maurice Hopkins, Mrs. Flee, Mrs. Wheat and Miss Verna Williams, accompanied by Mrs. Schwaigert. Mrs. Flee narrated throughout the program, with interesting information regarding the songs.

The first hymnal printed in America was in the 1600's and was called the Bay Psalm Book. It was in the 1700's before any accompaniment instruments were used in their music. Stephen Foster was America's first great songwriter. By the 1840's, the black faced American minstrel show was popular. Then came the "ragtime", "jazz," and composers such as George Gershwin, Jerome Kern, Irving Berlin, Cole Porter, and Rodgers and Hammerstein. Mrs. Schwaigert spoke of "jazz." She told the basic rhythms of jazz came from African drumming and was brought to this country by the Negroes. New Orleans is the major center for jazz. She also described the different types of jazz as blues and rags with their different tones, syncopations, four-four times, dissonances, rubato and melodic variations. Jazz bands were small consisting of clarinet, cornet, trombone and drums playing for parades and funerals. Some of the great jazz leaders are Paul Whiteman, Jelly Roll Morton, Fletcher Henderson and Duke Ellington. Jazz then went into a major change and brought with it the big bands like Boodman, Basie, Herman, James, Dorsey's and Miller. Today, the jazz musician has to be able to read and write musical notation in order to survive. She also mentioned that on March 13 at 8:30 p.m. at the Ohio Theater a concert will be presented by the Preservation Hall Jazz Band of New Orleans. All of the members are over 60 years of age and the original New Orleans jazz men. She also played portions of jazz by records and on the piano to demonstrate the music. She also had on display several sheets of very old jazz and ragtime. Most of the composers gave very definite instructions on how the music was to be played - mostly in a march beat.

Also for the program, the double trio sang "Which Way America" by David B. Allen. Mrs. Flee read "America is a Beautiful Word" by Wilferd Peterson. A medley of "America the Beautiful" and a Stephen Foster group of "Old Folks at Home", "Camptown Races", "Beautiful Dreamer" and "Oh Susanna" was sung by all. Mrs. Thompson sang a medley from James A. Bland's "Carry Me Back to Old Virginny." Mrs. Fennig and the trio sang "O Dem Golden Slippers" and "Mood Indigo" by Duke Ellington was sung by the trio, as well as a George Gershwin medley with solos by Mrs. Hopkins and Mrs. Fennig and the arrangement was composed by Mrs. Schwaigert. "Hey, Look Me Over" from Wildcat was also sung by the double trio.

Mrs. Gerald Wheat presented Miss Charla Butler and Mrs. Katy Jamison for membership, and Mrs. Coyt Stookey to be reinstated. They were accepted. She also told of the Kenyon College choir which is to give a concert at 4 p.m. Feb. 24 in First Presbyterian Church.

Mrs. Donald Schwaigert and Mrs.

**By THE ASSOCIATED PRESS**  
Skies cleared across the state during the night, letting temperatures fall in to the 20s and below. The pre-dawn reading at Toledo was 12 degrees. Highs this afternoon were expected to climb again into the 30s or low 40s as cloudiness gradually increases.  
Ohio is between two low pressure systems. One is near Alabama the other over Lake Superior. These systems were keeping most of the precipitation today to the north and south of the state.

As this system moves eastward, there is a chance of light snow or rain, mainly in eastern Ohio, followed by more clearing tonight. Lows tonight should be mostly in the 20s.

Some sunshine is likely Sunday as a high pressure system moves into the weather picture. Highs should reach the 30s or 40s by afternoon.

Showers are forecast Monday and Wednesday. Fair skies are forecast Tuesday. Highs will be in the 40s and low 50s Monday and Wednesday and in the 30s Tuesday. Lows will be in the 30s Monday and in the 20s Tuesday and Wednesday.

**Chillicothe plant struck**  
CHILLICOTHE, Ohio (AP)—About 100 members of the International Plastics, Linoleum and Rubber Workers Union struck the Flintcote Corp. Friday.  
Cause of the walkout was not disclosed. Company officials said the strike was illegal.

Absences in the city schools were up this week, and school officials attributed the increase in large part to instances of the flu. Some 80 students per day were absent from the Junior High School, nearly double the normal rate. Washington Senior High reported absences only slightly above normal, but estimated that nearly 75 per cent of those not in school were victims of the flu.  
Miami Trace Principal Curtis E. Fleisher said his school has not been struck too heavily by the flu bug. Although absences were above normal,

the number of cases of flu was not very high. However, many have been home with colds, he said.

State health officials have warned that Ohio currently may be facing a flu epidemic.

Dr. John H. Ackerman, deputy director and chief, Division of Communicable Disease, said outbreaks of influenza have been reported in Clermont, Logan, Montgomery and Butler counties. He said he expects the epidemic to spread statewide within the next few weeks.

According to Dr. Ackerman, the

virus is not the same one which has been responsible for epidemics in recent years. The virus was isolated and identified by officials at the State Health Department laboratory as being Type B influenza. Type A, commonly referred to as Hong Kong or London flu, is not responsible for the recent outbreak.

Although not the same virus, both types have similar symptoms; cough, fever, runny nose and eyes and general listlessness. Treatment should consist of bedrest, plenty of fluids and aspirin for aches and fever. In case of

prolonged illness or unusually high fever, a physician should be consulted immediately, Dr. Ackerman said.

### Reading man killed in car-train crash

CINCINNATI, Ohio (AP)—Donald Ray Smith, 29, of suburban Reading, was killed Friday when his car was run over by a Baltimore and Ohio freight train at a crossing, police said.

Police said Smith apparently ignored both the warning lights and the train horn.

## SCOL champion Lions get balanced scoring

By MARK REA  
Record-Herald Sports Writer

The Washington C.H. Blue Lions ended their 1973-74 basketball season last night on a winning note as they rolled over the Hillsboro Indians, 91-76. The game brought to an end a remarkable 11-1 South Central Ohio League season mark coupled with a blistering 15-3 overall record.

The great season started on a sorry note on Thanksgiving eve when the Lions were embarrassed in their home opening, losing to Portsmouth 73-52. Then the running Lions reeled off seven wins in a row from the WSHS Alumni, Circleville, East Clinton, Greenfield, Madison Plains, Wilmington, and return match against Portsmouth. During this period, the Lions depended heavily upon the scoring efforts of sophomore Doug Phillips and senior Kenny Knisley while counting on board strength from Doug Boswell and Garth Cox (no longer with the team) while regular pivotman Jeff Wallace was sidelined for five games with infectious mononucleosis.

came Christmas and the Miami Trace Panthers. At the MTHS gym, the Lions were stung with a 51-50 loss and had to share first place with their county rivals. Then after another loss to class AAA, state-ranked Chillicothe, the Lions won their last eight in a row climaxing with the win over the Indians last night.

The Lions were paced last night by four regulars in double figures plus a deadly aim from the floor and charity stripe. The Blue Lions saw an amazing amount of 40 of the 79 field goal attempts go through the nets for a 50.6 per cent average. Hillsboro could manage only 27 of 59 floor shots to go through for a 45.8 per cent average. Also Washington C.H. held the advantage, in percentage, at the free throw line. They made 11 free throws and missed only two for a blazing average of 84.6 per cent. The Indians' average was just 81.5 per cent but they made 22 of 27 shots.

The Blue Lions also grabbed 42 rebounds to the Hillsboro total of 33 bringdowns. The Indians turned the ball over just nine times during the game but the Lions gave the ball away only four times the entire game.

The first quarter started as a flurry of point scoring by both sides. Neither team chose to set the ball up in the forecourt and instead took the fast jumper from long range and both sides hit with consistency. The Indians, however, were a little more consistent behind the scoring efforts of SCOL leading scorer Steve Bailey who had 12 first period points. Heading the Lion attack in the first period was Wallace who had six points. The hard work by both teams resulted in a 26-20 Hillsboro lead.

The second quarter was equally as fast as the first period. Again neither team set the ball up and just fired away from 15 to 30 feet. Spearheading the Washington C.H. second quarter attack was junior Craig Shaffer. In the last three games of the season, Shaffer has reeled off a total of 74 points. The Hillsboro attack was again anchored by Bailey who scored six points in the second frame. The Indians still led by a score of 46-42 at halftime.

After intermission and a probable stiff pep talk by head coach Gary Shaffer, the fired-up Lions began the second half by reeling off 10 consecutive unanswered points and taking a lead of 52-46, a lead they would never relinquish. The Indians tried to get back some points throughout the middle of the quarter but a sticky Lion defense rattled them into making countless mistakes. Not until the final minute of play did Hillsboro score seven unanswered points and tighten the game at 66-63 in Washington C.H.'s favor at the end of the third period.

In the final quarter, the Lion offense went wild as they picked apart the Indian defense on their way to a sparkling 25 point quarter. Their defense was equally as sparkling, allowing Hillsboro just 13 final period tallies. In the final 1:35 when Washington C.H. led Hillsboro 78-76, sophomore Chuck Byrd scored 11 points to ice the game for the Lions. They won it going away, 91-76.

THOSE FOUR starters in double figures were Wallace with 24, Phillips with 20, Byrd with 17, and Shaffer with 14. Also aiding in the winning cause were Knisley with 6 and Boswell and Jim Vess with 4 each. The Hillsboro scoring was paced by Bailey and Lawrence Turner with 19 points apiece, Dave Larimer with 14 tallies, and Mike Vance who chipped in with 12 counters. Helping out in the scoring were Roger Jewett and Mike Sharkey who contributed four points each.

The rebounding crew for Washington C.H. was comprised of Phillips with 15, Wallace with 13, Shaffer with 4, Knisley and Vess with 3, Byrd with 2, and Boswell and Alan Coppock with 1 each. Shaffer also contributed 10 assets to the Lion cause. The majority of the Hillsboro rebounds were brought down by Jewett, Larimer, and Turner.

The Blue Lions began tournament play Feb. 27 at Unioto High School when they meet the winner of the Oak Hill-Jackson. Should they win that match, they will play the winner of the Hillsboro game. Hillsboro's opponent will be chosen in a match between Wellsville and Greenfield.

**SQUEEZE PLAY** — Miami Trace's Jay Mossbarger finds going a bit tough inside as he is surrounded by Madison Plains' Dave Joslin (43) and Tim Bogenrife during the Panther-Golden Eagle game Friday night. The Panthers posted a 76-68 win to increase their all-games record to an 11-7 level.

## All Panther starters hit in double digits

By DENNIS STAPLETON  
Record-Herald Sports Editor

Miami Trace ended the regular season Friday night with a surprisingly close 76-68 victory over much-improved Madison Plains. The final victory was very similar to the opening season win against Columbus Watterson.

The Panthers opened the season with a 77-62 victory over Watterson with a five-man scoring attack. In the opener all five senior starters placed in double figures to pace the win. The victory Friday night over the Madison Plains Eagles was again paced by those five seniors playing in their last regular season game in a Panther uniform.

Center Dave Persinger led all scorers with 22 points followed by Dave Steinhauer's 14, Randy Reiber's 13, Jeff King's 13 and Steve Mowery collected 10.

MADISON PLAINS was also represented well by its starters. Four of the five reached the double digit column. Junior scoring ace Dave Joslin countered 21 aided by Vic Tope's 14, Steve Scaggs' 13 and Russ Tope's 14.

The 76-point total is the second highest scoring mark the Panthers have reached all season. After opening the season with a 77-point production Miami Trace slipped in the scoring brackets until reaching the identical 77 points against Hillsboro. In the first meeting between the two teams the Panthers collected 72 points - their highest pointage on the road - which ranked as the second highest offensive output of the 60 year for Miami Trace until Friday night.

Madison Plains, coming off a stunning 83-57 victory over Greenfield last Friday, hadn't lost the hot hand when the game started Friday. At one time in last week's game with Greenfield the Eagles were blistering the nets at an 80 per cent clip. After the first half of the Miami Trace game Madison Plains was still boiling-shooting over 60 per cent - to hold a 39-31 advantage. Miami Trace though was frozen at around 36 per cent.

The second half didn't bring much of a change for Madison Plains. The Golden Eagles were still sailing along at better than 40 per cent accuracy but Miami Trace improved its scoring mark to a nifty 62 per cent to account for the Panthers margin.

In all Miami Trace connected on 33 of 68 attempts while Madison Plains countered with 31 of 59 tries. Neither team was prolific from the charity stripe with Miami sinking 10 while Madison Plains connected on just six of 17.

Panthers drew first blood but Madison Plains wasted very little time swooping to a 9-3 lead middle way through the first quarter. King countered with a tip but the Eagles bit hard again with four straight points. During one small span of three minutes Madison Plains had outscored Miami Trace 11-2 for a 13-5 lead. Miami Trace battled back to within four points 19-15 to end the quarter.

The Panthers improved their shooting somewhat in the second quarter but Madison Plains continued to hold onto a comfortable lead with amazing accuracy from long range. Miami Trace fell back into a nine point deficit 33-24 with just three minutes remaining in the half.

Mowery quickly countered with two bombs and King collected a free-throw to bring the Panthers to within four 33-29. But Madison Plains again exercised good rebounding position after two 10 foot jump shots by Vic Tope and Joslin to regain an eight point margin ending the half.

Miami Trace was out rebounded in the first half 23-18 but Madison Plains committed five more turnovers.

In the early moments of the third period Miami Trace outscored Madison Plains 10-4 to bring the score to 43-31. Madison Plains reacted for two straight baskets for a six point lead before the Panthers peeled off seven straight points to take the lead for the first time since the opening bucket; 48-47. The Panthers held Madison Plains scoreless more than two minutes before giving up a three point play by Bogenrife to end the period 50-48. Madison Plains holding the upper hand.

THE FOURTH period still saw Madison Plains ahead with just under four minutes remaining when the Panther unleashed a scoring attack.

Miami Trace bolted for seven straight points and a 70-64 lead on two foul shots by King, a lay-up by Persinger and a three point play by Steinhauer. Madison Plains stole an inbounds pass and converted the error into two points but the Panthers again caught fire exploding for six unanswered points before giving up a last second shot to Russ Tope ending the game. Miami Trace had outscored the visitors 28-18 in the final period.

### Lion jayvees

## falter in season finale

The Washington C.H. Blue Lion reserve basketball team ended a sorrowful season last night on a sorrowful note as they lost to the Hillsboro Indian jayvees by a score of 63-48. The loss sent the Lions home with a 5-7 South Central Ohio League mark and a 5-12 overall mark.

The Lion reserves stayed close to the Indians in the first quarter at 12-10 and then tied them at 27-27 at halftime. Then, as has the case has been most of this season, the Lions had one terrible quarter. This time it was the third period when only four points were scored, all by Eddie DeWees, against the sum of 15 tallies for the Indians.

The Lions were paced in the scoring department by DeWees who scored 14, Scott Sefton with 12, and Randy Jamison with 11. DeWees and Jamison scored their points while playing in parts of only two quarters. The Hillsboro attack was spearheaded by Allen McKenzie with 17 points, Barry Zink with 13, Bud Marsh with 12, and Doug Caudill with 10.

Bright spots throughout the year for the Lion jayvees were Sefton who scored in double figures almost every game, Jamison, DeWees, and Mark Lamberson for coming off the bench and scoring and rebounding; Randy Gardner and Randy Sparkman for scoring games of 31 and 19 respectively, top outputs by the jayvees this year; and the sparkling play lately of Dewey Foster who scored 22 points in two games and pulled down many rebounds.

Coach Mike Henry was substituting freely in the fourth quarter as was Madison Plains. Madison Plains sub Dick Redding put spark in the Eagle's attack scoring 10 points in the fourth quarter making the Panthers bring the starters back in to complete the game. Cobb was the lone scorer for Miami Trace in the fourth quarter collecting 11 points. Final tallies of the fourth period had Madison Plains outscoring the Panthers 20-11.

Cobb and Schlichlichter were leading scorers for Miami Trace collecting 19 and 14 points respectively. The duo also accounted for 21 of the 42 total rebounds the Panthers grabbed. Gifford collected eight points and Alan Connor and Gary English contributed six points apiece.

### Innocent plea entered

#### to triple slaying

COLUMBUS, Ohio (AP)—Clifford Chase II, 19, accused of killing his parents and 17-year-old brother, pleaded innocent by reason of insanity Friday to three charges of aggravated murder. No trial date was set.

Robert Chase, 44, his wife, Joan, 42, and son, Robert, were found shot to death in and near their suburban Worthington home Feb. 4. Clifford Chase reportedly told police he shot them during a quarrel the previous night.

### Firm recalls some series of mowers

DAYTON, Ohio (AP)—The Huffman Manufacturing Co. has recalled four series of 24-inch power riding mowers produced in 1973.

The company said some models have a problem with the cutting blade which makes it impossible to disengage the blade drive.

The firm identified the mowers as H-1015, H-1017, and W-1013 "Pinto" label and Z-1015 "Huffy" Label.

The company said owners should not use the machines until the blade drive belt has been checked and replaced, if necessary, by an authorized service dealer.

Only mowers purchased after April 1, 1973, are involved, the company said. The model identification is found on the nameplate under the seat on each machine.

The firm said it has advised the U.S. Consumer Product Safety Commission of the problem.

Inspection and correction will be made without charge, the company said.

For 250 years, Greenland was a Danish colony, sealed off to protect the Eskimo hunting culture from outside influences.

### New Test for Breast Cancer

A method is being sought for the earliest possible diagnosis of breast cancer, for it is an accepted fact that when these tumors are found early and treated immediately, the chances for complete recovery are vastly increased.

Dr. Jeffrey Schlom, of the National Cancer Institute, working in collaboration with Dr. S. Spiegelman of Columbia University, reported experimental evidence that immunological tests may soon be available to detect early breast cancer.

For people with hay fever who are sensitive to ragweed pollen, a new preparation may soon be available.

Dr. Roy Patterson, of Northwestern University in Chicago, is enthusiastic about a polymer of antigen E for the control of hay fever. A polymer is a chemical variation of the material now used to desensitize people to the offending factor present in ragweed pollen.

Birth defects in the newborn are taking a prominent place on

the scientific agenda in laboratories and hospitals all over the world.

Dr. Tibor Devenyi, of the Institute of Biochemistry in Hungary, originated a screening technique by which metabolic errors in the newborn can be readily detected.

It is known as "chromatography" and is performed by taking a small sample of blood from the newborn baby's heel. The blood is then dried and put through an automatic analyzer which can provide information of great diagnostic value.

This color photo technique holds great promise for the detection of metabolic errors that can be corrected soon after the baby is born.

Dr. L. Henry Edmunds, Jr., of the Children's Hospital of Philadelphia, has devised an oxygenator which, it is hoped, will reduce the large amount of blood that is usually necessary for open heart surgery.

The usual requirement of 15 to 20 pints of blood has, by this method, been reduced to two or three pints during and after surgery.

## Ohio regents approve plans for schools

CINCINNATI, Ohio (AP) — The Ohio Board of Regents has voted to support planning and construction of a \$1.5 million branch campus of Kent State University in Geauga County.

The board, in a 6-2 vote at the University of Cincinnati Friday, endorsed the Ohio Legislature's mandate for construction of the Burton branch of Kent State.

The vote followed discussion of whether the legislature is mandating too many of these institutions to be paid for by the state.

Kent State President Glenn Olds said the money for the branch will be spent well. It will be a valuable asset to Geauga County, he said.

In other action the board approved: —A master of arts degree in black studies at Ohio State University.

—Establishment of a Scioto County State General and Technical College. This would involve merger of the Scioto Technical College and the Ohio University branch at Portsmouth. The OU branch at Ironton was not discussed in the measure.

—A resolution asking the University of Cincinnati, Wilmington College and interested residents to work toward creation of a new general and technical college for Clinton, Fayette, Highland, Brown and Adams counties.

—Consideration of distributing \$750,000 in legislative funds for educational television equipment for WNEO-TV, a northeast Ohio consortium; WOUB-TV at Ohio University; WBGU-TV at Bowling Green State University; and WMUBTV at Miami University.

### 50 black students ousted at Middletown

MIDDLETOWN Ohio (AP) — Middletown High School authorities Friday suspended 50 black students following a sit-down demonstration in the auditorium.

Police escorted the students out without incident. The students said they were protesting seating arrangements at the theater at the end of Black History Week.

In Russia, craftsmen made artificial eggs for Easter ranging from simple models in stone or porcelain to the precious gold and gem creations of Carl Faberge.

### Tipplers protest brewery closing

LONDON (AP) — A thousand beer lovers plan to drink their town dry as a protest against plans to close Britain's oldest brewery.

The "drink-in" will follow a march through the streets of Stone, in Staffordshire. It has been organized by members of the Campaign for Real Ale, who will be joined by union members fighting the closure next April of Joles Brewery, which was founded in the 12th century and produces a special beer from a secret recipe first evolved by monks.

But the giant brewery combine which is switching production to another brewery says, "These beer drinking gentlemen needn't worry. The Joles beer will continue to be brewed to the same secret recipe."

### Pocket parks and gardens

NEW YORK (AP) — Jack Gasnick, who has a plumbing supply and hardware store in Manhattan, also owns 28 odd bits of land around town that cost him \$800 a year in taxes and yield not a cent. He bought his land scraps to tax sales as a hobby. They're all, or almost all, too small to build on, and anyway that's not the idea. He makes his acquisitions as a hobby.

"All I'm looking for is land with grass or trees or shrubs or enough room to plant a garden," he explains.

## WPAFB employees protesting order

DAYTON, Ohio (AP) — The civilian employees union at Wright-Patterson Air Force Base is protesting a Pentagon-ordered parking plan which the union claims will result in "mandatory carpooling."

Henry Webb, president of Local 1138 of the American Federation of Government Employees, registered the protest against the proposed new policy in a letter Friday to the commander of the Air Force Logistics Command at the base.

Webb's letter says that while the union and its members support voluntary energy-saving programs, they "strongly oppose this parking plan as an 'unfair, unworkable, unsafe and unwise.'"

The plan recommends that after March 7 "not less than 90 per cent of the (base's) employee parking" be allocated to carpools of two or more employees. The remaining 10 per cent would be allocated to "executives, severely handicapped and personnel working unusual hours."

The union contends the plan is unfair because it exempts executives, does not give credit to those driving economy cars and "places a greater burden on Department of Defense employees than on the general public."

Webb also contends the plan fails to consider employees working at Wright-Patterson who "do not live near anyone else working at the base during the same hours."

He also predicts that many employees will park on streets and roads near the base, rather than join carpools.

A spokesman for the base said the plan is being studied and that so far there is no "clearcut definition" of what is many by an "executive" who would be exempt from the plan.

### Open probe into theft of paintings

CINCINNATI, Ohio (AP) — A special grand jury has opened its probe into the theft of two Rembrandt paintings and took testimony Friday from a Cincinnati man who has been given immunity from prosecution.

Hamilton County Prosecutor Simon Leis Jr. refused to say how long the jury would remain in session.

Three Loveland, Ohio, area men were arrested following return of the two paintings and recovery of a \$100,000 ransom.

Donald Lee Johnson, 29, was granted immunity by Hamilton County Common Pleas Court Judge William Mathews Friday before going before the special jury.

The paintings "Portrait of an Elderly Lady" and "Man Leaning on a Sill," valued at \$2 million, were stolen Dec. 18 from The Taft Museum in downtown Cincinnati.

The Cincinnati Enquirer quoted an unnamed police source as saying Johnson was a tipster in helping solve the case.

## \$106 stolen from safe

City Police reported a burglary at the French Hardware Store and the Fayette County Sheriff's Department investigated a breaking and entering at a Jeffersonville home.

Officers said \$106 was stolen from the office safe at French's, 153 W. Court St., sometime between noon Thursday and 9 a.m. Friday.

A thief used a pry bar to gain entry through a door of the Larry Milstead residence, Jeffersonville, sometime between 3:30 p.m. and 10:45 p.m. Friday, sheriff's deputies reported.

A bedroom closet had been ransacked, but apparently nothing had been taken.

## Holiday closings announced

Washington C.H. banks, city offices, the Courthouse and Municipal Court will be closed Monday in observance of Presidents Day.

It also will be a holiday for students as both city and county schools will be closed.

Other places to be closed Monday include the Ohio Bureau of Employment Services, the State Liquor Store, the Washington C.H. License Bureau and Carnegie Public Library.

Dayton Power and Light Co. and the Ohio Water Department will remain open, and the Record-Herald will publish Monday on its normal daily schedule.

There will be no mail deliveries. Windows at the Washington C.H. Post Office will be closed, although the lobby will be open.

### Wedren to fight

COLUMBUS, Ohio (AP) — A former state officer says he has no intention of complying with an order to relinquish his real estate broker license.

Gerald E. Wedren, a former state commerce director, was one of 10 brokers ordered to return their licenses by the Ohio Real Estate Commission.

"I have violated no statute, rules or regulations of this state and have no intention of returning my real estate brokers license to you," Wedren said in a letter to Robert Gippin, the commission's executive director.

### 1.2 million cars recalled

DETROIT (AP) — General Motors has recalled 1.2 million passenger cars and light-duty trucks in a search for 1,200 vehicles with possible defects in their brake systems.

GM officials said Friday the vehicles are equipped with a single diaphragm brake booster that might have defective vacuum power brake housings.

The auto maker said eight accidents have been reported involving brake failures caused by defective housings. It said none resulted in injuries.

About 85 per cent of the recalled vehicles are in the hands of owners, GM said.

Vehicles involved include 1973 and 1974 intermediate and fullsize Chevrolets; 1973 intermediate Buicks, Pontiacs and Oldsmobiles; 1973 and 1974 compact models of Nova, Camaro, Ventura, Firebird, Omega and Apollo; and 1973 and 1974 Chevrolet and GMC light-duty trucks.

Required modification of the brake booster would take only 10 minutes and would be performed without charge, GM said.

## KIRKPATRICK FUNERAL HOME

Dear friends,

Children's activities should not be restricted despite a death in the family. If anything, young children need to play more and harder when their parent or parents are in mourning. The tragedy needs to be explained to children in a simple manner so that the child comprehends the reasons for the tears and grief. The child needs to express his grief in strenuous play and vocal expression, away from the mourning parent if necessary.

Respectfully,

*Richard Kirkpatrick*

**DEMOLISHED** — Michael T. Murphy, 19, of 605 Albin Ave., demolished his car when he ran off the left side of Ohio 41-S and crashed into a cement culvert. Murphy was pinned in his car for 10 minutes until Sheriff's deputy Charles Wise and Gerstner-Kinzer ambulance personnel, Gary Kellenberger and Tom Weaver, could free him. He is presently in guarded condition at Fayette Memorial Hospital.

## Victim suffers multiple fractures

# Youth badly hurt in crash

A young Washington C.H. resident remains in guarded condition at Memorial Hospital after an accident investigated by the Sheriff's Department last Friday night.

Michael T. Murphy, 19, of 605 Albin Ave., received a compound fracture of the left leg, a fractured arm and a fractured pelvis, a punctured lung, severe lacerations of the face and broken teeth in the one car crash which occurred at 10:50 p.m. Friday.

The car he was driving south on Ohio Rt. 41 left the left side of the road on a curve and traveled 210 feet in a ditch, struck a fence owned by W.J. Fannon, Rt. 6, and then went 107 feet farther before colliding with a concrete culvert.

Murphy was brought to Memorial Hospital where his condition presently is termed as "guarded" by hospital attaches.

Sheriff's deputies made a blood relay from the Franklin County Blood Bank early this morning at the request of Dr. Shaw, surgeon. Seven pints were required for the crash victim.

Sheriff's deputies have charged Murphy with reckless operation. His car was demolished.

AN ACCIDENT involving cars driven by Ronald E. Caudill, 27, Jamestown, and Martha H. Aills, 32, Milledgeville occurred at 3:25 p.m. on the CCC-Highway-W.

Ms. Aills was charged by sheriff's deputies with driving left of center. Both cars were moderately damaged.

A Jeffersonville man, charged by city police with reckless operation,

collided with two parked cars at 3:25 a.m., today.

Myron E. Tyree, 36, struck parked cars owned by Gelina Mullins, and Glenn G. Johnson, 616 Delaware St., which were parked in front of that address.

The Washington C.H. Fire Depart-

ment was summoned to wash gasoline off the street since the collision broke the gas tank of the Johnson car.

A car owned by Mike Long, 135 Laurel Rd., was struck by a hit-skip driver sometime between 8 p.m. Thursday and 5 a.m. Friday, according to police reports. Damage was slight.

# Tapes controversy remains unsettled

KEY BISCAYNE, Fla. (AP) — With the Senate Judiciary Committee set to vote Tuesday on whether to take testimony about President Nixon's refusal to yield more Watergate tapes, the White House says it wants no confrontation with special prosecutor Leon Jaworski.

At the same time, President Nixon's chief spokesman and his principal Watergate lawyer emphasized anew Friday that Nixon has drawn a fine line against what was termed Jaworski's "continued and seemingly unending incursions" into presidential files.

Press Secretary Ronald L. Ziegler told newsmen the White House has "no desire to move to the point of confrontation" with the prosecutor but wants him to "proceed quickly and without further delay" in his investigations. He said there is "no intention or contemplation whatsoever" of firing Jaworski.

In a written statement, special

counsel James D. St. Clair said that to provide Jaworski with 40 additional tapes plus documents would delay grand jury investigations "many months."

Although Ziegler said neither Nixon nor St. Clair has listened to the 40 tapes sought by Jaworski, the White House lawyer said "a careful review of this request led me to the conclusion that this new material was at best only corroborative of or cumulative to evidence already before the grand jury."

Ziegler was unable to explain how St. Clair reached this conclusion without hearing the tapes or reviewing the documents involved.

Jaworski reported to the Senate Judiciary Committee Thursday that Nixon was refusing to provide him with further evidence he requested.

Sen. Robert C. Byrd, D-W.Va., said the committee will meet Tuesday to vote on whether to call Jaworski to testify.

The special prosecutor made no comment on the Friday statements by Ziegler and St. Clair.

Ziegler was asked if the President's stance might not lead to speculation he had something to hide. The press secretary said Nixon acted out of a strongly-felt conviction that he must uphold the separation of powers and the confidentiality of his communications.

Ziegler also said that on instructions from St. Clair, he would not discuss Jaworski's reported pledge to seek no further evidence concerning the Watergate burglary and coverup if his now-denied requests were met.

crisis were to generate a concerted slowdown in major foreign markets and the U.S. economy were to weaken sharply under high inflation and increasing unemployment, demand would be substantially weaker," the board said in a preliminary report on the demand and price situation.

In that case, farm income could drop to \$20 billion, the report said. Officials said the estimate of \$24 billion to \$25 billion is "most likely" for farmers in 1974.

Don Paarlberg, director of economics in USDA, said the \$30 billion figure — in a situation of strong demand and smaller production — could result from prices soaring so high that farmers would get more than enough profit to offset smaller output.

The effect on consumers, however, would be a much higher jump in food prices than expected. On Thursday, the department said it was "most likely" retail food prices in 1974 would average 12 per cent above last year but admitted they could go up 16 per cent if production falters.

Paarlberg said the potential 16 per cent rise in 1974 food prices, in that case, would be under the same conditions in which farm income jumped to \$30 billion.

# Good farm year has conditions

WASHINGTON (AP) — The Agriculture Department is more optimistic about farmers prospering this year, but there are some giant qualifications.

Until now, USDA economists have been predicting 1974 net farm income will be down from last year's record of \$26 billion to a range of \$20 billion to \$23 billion.

Even at the lower end, 1974 net farm income would be the second biggest ever, eclipsing the 1972 mark of \$19.7 billion.

But Friday the department's Outlook and Situation Board said farmers can expect incomes this year to total \$24 billion to \$25 billion if record output is accomplished.

The shocker, however, was a prediction that 1974 farm profits could soar to \$30 billion if production items are short, weather is bad, harvests cut back and demand remains strong.

# Odd-Even gas rationing system spreads

By THE ASSOCIATED PRESS

Does a motorist traveling through states with odd-even gasoline distribution plans face a morass of confusing, conflicting regulations? Nope, but he'd better carry a calendar with him.

Oregon was the first to go for the odd-even license-plate plan for selling gasoline. Since then, eight other states

and the nation's capital have instituted the program.

Two other states will adopt it soon. And at least eight other states are waiting in wings, most of them considering the Oregon plan.

That plan allows motorists with even-numbered plates to buy gasoline on even-numbered days. Odds buy on odd-numbered days.

The federal government has

prepared a coupon rationing plan but has not put it into effect. The Federal Energy Office says it would be April before its World War II-style coupon plan could be implemented if it were ordered now.

A growing number of states experiencing severe gasoline shortages and long lines at stations have adopted the Oregon plan as a way to ease the situation. Counties, cities and towns in

other states have adopted the plan without waiting for state action.

Motorists traveling through states with distribution plans will find that most of the odd-even plans are about the same. Most are voluntary and most exempt the out-of-state traveler. But there are some tricky exceptions that could foul up travel plans of the unaware.

## Laundered through GOP committees

# More milk money in Nixon campaign

WASHINGTON (AP) — Some \$200,000 in funds from the dairy lobby was secretly passed from congressional campaign committees to the Nixon re-election campaign.

The transfer, around the time of President Nixon's 1972 election victory, brings to \$727,000 the amount of money known to have passed to Nixon's political operatives from the nation's three largest dairy co-operatives.

The White House has denied allegations that the dairy lobby's political donations were linked to Nixon's decision to impose certain dairy import quotas and to raise milk price supports in 1971.

The transactions involving the dairy money were reported publicly, as required by federal law. However, the source of the money had been obscured by a series of transfers through established GOP committees.

It wasn't known that the \$200,000 taken by Nixon's campaign came originally from the milk producers until testimony to Senate Watergate committee investigators from Bob A. Lilly, political treasurer of Associated Milk Producers.

Lilly said the money had been intended for the Nixon campaign from the start and that the transfers were set up as a conduit scheme to hide the true source, according to Senate sources.

Former Nixon fundraiser Lee Nunn, contacted Friday by telephone at his home in Kentucky, confirmed that the dairy money was drawn off from the Republican House and Senate campaign committees and into the Nixon campaign.

Nunn said Nixon finance chief Maurice H. Stans arranged for the transfers as a repayment of money the President's campaign had advanced to

the two GOP congressional committees.

Public records show that the milk producers gave \$150,000 to each of the GOP congressional committees on Oct. 27, 1972. Within days, the Senate committee gave \$120,000 and the GOP House committee gave \$101,000 to the Republican National Finance Committee, headed by Stans.

Then, just after the election, that committee gave \$200,000 to the Finance Committee to Reelect the President, also headed by Stans.

The money was added to Nixon's post-campaign surplus of more than \$4 million.

# Hearst behind in bid to meet kidnap demands

BERKELEY, Calif. (AP) — Randolph A. Hearst has only the remainder of the long holiday weekend to meet the initial demand of his daughter's kidnapers. He says he is behind schedule.

The Symbionese Liberation Army gave Hearst until Tuesday to begin distributing \$70 worth of food for each needy Californian as a precondition for negotiations for the release of 19-year-old Patricia Hearst, abducted Feb. 4.

In a tape received from the SLA Tuesday, one of the abductors calling himself Field Marshal General Cinque said: "I am quite willing to carry out the execution of your daughter to save the life of starving men, women and children of every race."

Hearst termed the food distribution request an impossible task that could cost as much as \$400 million. However, he said he would try to comply, at least in part. He told reporters Friday he was a "couple of days behind."

"What I hope to do is give food to people who really need it and not just assume that anybody with a welfare card who wants to can go in and pick it

up," Hearst said. "I don't know the details yet."

The food giveaway program involves legal problems, Hearst told newsmen outside his mansion in Hillsborough, Calif., 15 miles south of San Francisco. He would not elaborate.

Published reports Friday identified "Cinque," a name taken from the leader of an 1839 revolt aboard the slave ship, L'Amistad, as Donald David DeFreeze, 30. The reports, in the San Francisco Examiner, the San Francisco Chronicle and the Oakland Tribune, also identified Thero M. Wheeler, 29, as a suspect.

Hearst is president and editor of the Examiner.

Charles Bates, FBI agent handling the case, called the reports "pure speculation," even though photographs of the men resembled composites made of the suspects.

"My impression is that either one could be, but there are probably 100,000 who could be suspects," Bates said. "There is nothing specific at all to link either man with the kidnaping."

## Fayette Museum building in 'Historic Register'

Fayette Historical Society Building

The Fayette County Historical Society Building, 517 Columbus Avenue, has been entered in the U.S. Department of the Interior's National Register of Historic Places.

Built in 1875 by Morris Sharp, the ornate, "Italian Villa" style house occupies a prominent position at the intersection of two major streets. Sharp, who was a prominent Fayette County banker, was nominated for governor of Ohio by the Prohibition Party and polled more votes than any other Prohibition Party candidate had. The house has served as the Fayette County Museum since 1955.

The nomination of the Fayette County Historical Society Building is part of a continuing program of the Ohio Historical Society to identify sites in Ohio which qualify for National Register status.

The National Register was designed to focus nationwide public attention on important landmarks and help guarantee their preservation. Entry into the Register in no way alters ownership or administrative responsibility for the site.

## ATTENTION FARMERS!

Dr. R. D. Little, DVM, and Advanced Agricultural  
Services will sponsor a farmer's Meeting:  
**Thursday, Feb. 21 7:30 p.m.**  
**JEFFERSON INN (Jeffersonville)**

The featured speaker will be D. L. Schriefer, Soils  
Consultant from Advanced Agricultural Services, a  
nation-wide soils consulting firm. Mr. Schriefer will  
cover the following very important areas:

1. How to stretch a possible short  
NITROGEN SUPPLY.
2. Tillage systems recommended by  
Advanced Agricultural Services — Will  
feature the ROTERRA Principles.
3. Managing the soil decay system.
4. The critical trace elements.
5. Research sponsored by the Advanced  
Agricultural Services.
6. Soil management and its influence on  
weeds and soil insects.

This meeting is planned as a regular Mid-Winter Seminar  
for our present clients and all other interested farmers of  
the area.

**COME . . . BRING A NEIGHBOR!**

present the program. Bricker will  
discuss the outlook of the Cattle in-  
dustry for the next two or three years  
based on current trends.

The T-Bone meetings are scheduled  
jointly by the Fayette County Cattle  
Feeders association and the  
Cooperative Extension Service to  
provide Cattle Feeders and those in  
agri-business with the latest in-  
formation relating to beef production.  
John Bryant is Chairman of the 1974 T-  
Bone Committee. Other committee  
members are Norman Schiering,  
Roger Rapp and Fred Cook, President  
of the Cattle Feeders Association.

**PORK PRODUCERS** in Fayette  
County should be making plans to  
participate in the annual Winter Pork  
Carcass Evaluation, scheduled for  
Wednesday, Feb. 27th. The Winter  
Carcass Show is open to any Fayette  
County Pork Producers 10 years of age  
or older.

The rules of the Winter Carcass Show  
specify the entries are limited to one  
barrow per exhibitor. Barrows must  
weigh 200-230 pounds. The show will be  
held at Producers Livestock Yards, at  
6:30 p.m. Feb. 27. All barrows should be

delivered to Producers by 4 p.m. on the  
27th.

David Owens is chairman of the  
Winter Carcass Show Committee. He  
has asked that all Pork Producers  
planning to enter the contest make  
advanced entries by Monday,  
February 25th. Entry forms are  
available from the Extension Office or  
Producers Livestock.

**SEVERAL FAYETTE** Countians are  
anxiously awaiting information on the  
carcass results on the Buckeye Barrow  
Show which was held recently in  
London at the Madison County  
Fairgrounds. The results are being  
announced this afternoon at 1:30 just  
prior to the Ohio Performance Tested  
Boar Sale at the Swine Evaluation  
Station.

Fayette Countians who placed high in  
the live show include Jill Schlichter,  
Prairie Road who had the Champion of  
the Junior Show; Andrews and Baughn,  
Lewis Road, Champion Hampshire;  
and Ray Warner and Son, Fairview  
Road, Champion Chester White. These  
folks all competed for the Champion On  
Foot and all are awaiting the results of  
the carcass contest.

## Down On The Farm

Saturday, February 16, 1974

Washington C.H. (O.) Record-Herald - Page 2

## Corn, bean acreage could vary greatly

The acreage of farm land actually  
planted to corn and soybeans this  
spring could vary greatly from the  
acres reported in the intentions  
report issued by the Statistical  
Reporting Service on Jan. 22. That's  
the feeling of Herbert Hadley,  
Extension economist at Ohio State  
University.

That report was based on a Jan. 1  
survey of farmers in 35 major corn and  
soybean producing states. The survey  
said U.S. farmers intended to plant 10  
per cent more acres of corn and 3.3 per  
cent less acres of soybeans this year  
than last. That would amount to 77.4  
million acres of corn and 54.9 million  
acres of soybeans.

**HADLEY POINTS** out that great  
uncertainty exists about the amount of  
nitrogen fertilizer which will be  
available at corn planting time. Corn  
acreage will also be affected by the  
weather as well as the relative prices of  
corn and soybeans at planting time.

### Selenium cleared as feed nutrient

**WOOSTER** — A new ruling by the  
Food and Drug Administration (FDA)  
permits feed manufacturers to use the  
trace element selenium as a nutrient in  
feed for swine, chickens, and turkeys.

The ruling, effective Feb. 7, is im-  
portant to Ohio hog producers and  
poultrymen since Ohio is in the heart of  
the selenium-deficient area of the  
United States, Ohio soils and the crops  
grown on them have been found to be  
marginal or severely deficient in  
selenium levels. This results in muscle  
dystrophy or degeneration (white  
muscle disease) and other metabolic  
and liver disorders in young livestock.

Dr. A. L. Moxon, Ohio Agricultural  
Research and Development Center  
animal scientist, is one of the nation's  
top authorities on selenium in animal  
nutrition. He's been working with the  
selenium problem for more than 35  
years.

He says selenium is present in soils  
throughout the world. Some areas, like  
parts of South Dakota and Wyoming,  
have too much of the element and  
plants grown on these soils are toxic to  
animals. Selenium toxicity to animals  
was first recognized in the early 1930s  
in the Great Plains.

# Opinion And Comment

## Beef prices: still going up

That discouraging word so seldom heard out home on the range is being heard now. The word being heard is that retail beef prices can be expected to go on climbing over the next several months. The further word is that consumers "cannot expect to return to cheap meat" even when larger supplies hit the market the latter part of the year.

The author of these views is Gordon Van Vleck, a California rancher who speaks with authority as president of the American National Cattlemen's Association. Though what the producers say in matters of this kind need not always be taken for gospel, Van Vleck's assessment does not seem far off the mark.

His outlook is not wholly

pessimistic; indeed, he figures that with price controls ending there will be more beef and lower retail prices after midyear. It is evident, however, that from the consumer's standpoint "lower" does not mean "low." Van Vleck says he doubts that meat counter prices will "get down to the point before the latest rise."

Since beef prices have gone up substantially in recent weeks - from 10 to 30 cents a pound, the Cattlemen's Association reports - the prospect is not particularly heartening.

The group's spokesman naturally stressed the cattlemen's problems, pointing out that "beef production costs now are set at a much higher

level than in former years and we cannot expect a return to cheap meat." However, he did not comment on another important aspect of the matter - that is, the consumer's potential response to rising beef prices and a prospective leveling off at prices above those being paid a few weeks ago.

A lot of people discovered last summer that having steak or a big roast or hamburger dish on the table is not the only way to feed a family nutritious, tasty meals. There was much experimentation along these lines.

If beef prices go too high, one consequence may be a marked decline in demand.

## Your Horoscope

By FRANCES DRAKE

Look in the section in which your birthday comes and find what your outlook is, according to the stars.  
SUNDAY, FEB. 17

### ARIES

(March 21 to April 20)

Financial or marital issues could have some bearing on career matters coming up, so try to reach a clear-cut decision before Monday.

### TAURUS

(April 21 to May 21)

In social situations, it would be best to stress conventionality now. You could unintentionally give a wrong impression of yourself, otherwise.

### GEMINI

(May 22 to June 21)

Be alert now. Others may be trying to outmaneuver you. Keep eyes, ears open so that you don't miss a trick.

### CANCER

(June 22 to July 23)

Some trying situations possible. Be alert and remain your calm, capable self, and problems will be resolved more easily. A bit of clever strategy will also help.

### LEO

(July 24 to Aug. 23)

Waste no time in daydreaming. Think constructively and direct all efforts into channels leading to a more profitable future. The p.m. favors romance.

### VIRGO

(Aug. 24 to Sept. 23)

You must discount rumors now - heading or passing them on. Stock to facts. Don't jump the gun in new ventures, either.

### LIBRA

(Sept. 24 to Oct. 23)

A generally good day, but be alert and don't fall for propositions offered by those who have proven unreliable in the past.

### SCORPIO

(Oct. 24 to Nov. 22)

Your innate aggressiveness will prove an advantage in conducting day's activities. Don't go overboard and alienate friends or associates, however.

### SAGITTARIUS

(Nov. 23 to Dec. 21)

You should receive information which clarifies a financial situation. It may not be all you hope for, but at least it will get to the core of truth.

### CAPRICORN

(Dec. 22 to Jan. 20)

An excellent day in which to formulate long-range plans. Something which has seemed out of reach is closer than you may imagine.

### AQUARIUS

(Jan. 21 to Feb. 19)

Personal relationships under something of a cloud. Stress diplomacy. A high-handed attitude will only make you unpopular.

### PISCES

(Feb. 20 to March 20)

The position of Neptune now stimulates ambition and bright new ideas. But, in presenting the later, be careful. You COULD outtalk yourself.

**YOU BORN TODAY:** are endowed with many fine traits which can lead to a most successful life - notably, a magnetic personality, outstanding integrity, sound sense and the ability to put good ideas over the top. You can add the touch that makes the ordinary undertaking sparkle, start unique enterprises with a vim that enthralls all about you. You have extraordinary sales ability and, with a flair for the dramatic, could succeed as an entertainer, writer or, in the legal field, as a trial lawyer.

MONDAY, FEB. 18

### ARIES

(March 21 to April 20)

Personal relationships under some restrictions. Don't discuss secret plans with anyone, or you'll have reason for regret later.

### TAURUS

(April 21 to May 21)

A day in which to emphasize stick-to-itiveness. Curb an inclination to take off on unprofitable tangents through sheer boredom.

### GEMINI

(May 22 to June 21)

Keep travel or entertainment plans flexible. Some last-minute changes are possible, but accept them graciously. Don't argue pointlessly.

### CANCER

(June 22 to July 23)

Some misleading influences call for special astuteness. Be on the alert for persons who are unreliable or impractical - and avoid!

### LEO

(July 24 to Aug. 23)

Some planetary restrictions now. Be especially careful in romance. Emotional situations could get out of hand.

### VIRGO

(Aug. 24 to Sept. 23)

You come to life in more ways than one - and more so than usual. But harness your energies and direct them only into constructive channels.

### LIBRA

(Sept. 24 to Oct. 23)

Certain limitations to your progress can be overcome if you take time to re-evaluate your aims and expand your program so as to make better use of your talents.

## Letters To The Editor

EDITOR, RECORD-HERALD:

Once again, some of the representatives of the State of Ohio have seen fit to attempt to levy on the citizens of this state, (with very little publicity on this one) a restriction which reads in part

"... but the manufacture, sale, use, and possession of handguns shall be forever prohibited in this state."

Ohio House Joint Resolution 44 proposes a Constitutional Amendment to the Ohio Constitution to accomplish the above prohibition.

If adopted by a majority of Ohio citizens acting on this amendment, it will take effect Jan. 1, 1975.

The sponsors of this resolution do not define handguns, but go on to say "... Laws may be passed to define the term 'handgun' as used in this section. 'Boy, that is like signing a blank check and giving it to your big city cousins.

And all of the sponsors of this resolution are your city cousins: Rep. H.J. Lehman, Shaker Heights; Rep. J.T. McCormack, Euclid; Rep. Ike Thompson, Cleveland; Rep. J.G. Sweeney, Cleveland Heights; Rep. Pete Crossland, Akron; Rep. J.W. Rankin, Cincinnati; Rep. M.P. Stinziano, Columbus.

Public hearings on this resolution will be held Feb. 19 at 7:30 p.m. in the Judiciary Committee, third floor of the State House to hear the "FORS" and the same place, on Tuesday, March 5, at 7:30 p.m. for the opposition - That's US.

Please write, call, or contact our representative, Joseph Heistand, care of the State House, Columbus, Ohio 43215 and also the House Judiciary Committee same address. Let's let them know that Washington C.H. and Fayette County believe in just laws, strict law enforcement and courts that are just. But, we don't need another shot at prohibition of handguns. All we need is enforcement of the laws we have. Convict the killer behind the crime; no gun ever committed a crime.

### SCORPIO

(Oct. 24 to Nov. 22)

Good Mars influences! Trigger all action to blend with the top offerings of the day and add finesse to make matters run as smoothly as possible.

### SAGITTARIUS

(Nov. 23 to Dec. 21)

You may find it easier to do things yourself than to depend on others who may not wish to cooperate. You'll do them better, too!

### CAPRICORN

(Dec. 22 to Jan. 20)

Some unprecedented moves or unusual propositions likely. Study all such situations carefully so that you can cope efficiently.

### AQUARIUS

(Jan. 21 to Feb. 19)

Don't scatter your energies or direct them into unproductive channels. If you concentrate on your most important objectives, you can accomplish handsily.

### PISCES

(Feb. 20 to March 20)

You may have to alter directions now. Don't fight necessary changes - especially in plans involving future security. Adapt to the new factors.

**YOU BORN TODAY:** Though enthusiastic and swift in action, you always use your fine intelligence and work hard at being accurate. In fact, it's a blessing to have you around in emergencies, since you always "come through" - practically as well as imaginatively. You are unusually devoted to family and friends, and are a generous host. Children take to you and you would make an outstanding teacher if you can curb a tendency toward impatience when youthful charges fail to live up to your expectations. Your integrity is unquestionable and your memory remarkable. Fields in which you could make a notable success: journalism, the stage, politics, science, literature and medicine.

## Mrs. Reed presents program

The True Blue Class of Grace United Methodist Church met in the church parlor with 15 members present and three guests. Miss Lida Grace Wissler, president, conducted the meeting.

Mrs. Chester Clay gave devotions with Scripture using the theme, "Two Golden Days - Yesterday and Tomorrow," and closed with prayer.

Mrs. Elmer Reed presented the program for the evening. She showed slides and gave a most interesting and informative talk concerning a trip she and Mr. Reed took to Yugoslavia last summer.

Hostesses for the evening were Mrs. Dorothy Davis, chairman, Mrs. Clay, Mrs. Reed, Mrs. Mina Gidding, Mrs. Jane Riley, Mrs. Anna Lee Orr and Mrs. Gladys Stitt.

**ARTEX HOSTESS QUEEN** — Mrs. Terry Shipley (left) of Jeffersonville was crowned Miss Hostess Queen by Artex Paint saleswomen in the area. She was crowned by Mrs. Ronald L. Dearth (right) also of Jeffersonville, instructor. The meeting took place in the Home Federal Building in Wilmington Tuesday evening. There were 28 ladies competing for the title.

## Members have carry-in luncheon

Thirteen members and nine guests of the In His Service Class of the Jeffersonville United Methodist Church met at the church for a carry-in noon luncheon Thursday. Mrs. Emma Roush and Mrs. Bertha French were co-hostesses.

Mrs. Roush opened the meeting which followed and read a Valentine Note and Scripture from the Book of John on 'love.' Reports were heard and Mrs. Harry Allen presented the program. She read a "Valentine Legend", "Valentine Box" and "Heart Gift", poems. In reference to Abraham Lincoln, she read "Everybody's Growing a little Taller" and in reference to George Washington, "Our American Heritage."

Mrs. Roy Booco will be the next hostess.

## Ladies Aid to make quilt

Members of the Buena Vista Ladies Aid have had the quilting frames repaired which were damaged last fall and will now complete a quilt they had started earlier. The group met in the Township Hall for a carry-in dinner on Wednesday. Mrs. Bina Rude gave the invocation and a business session followed. Mrs. Richard Carson conducted the meeting.

Activities reported by the seven present were 12 cards, 16 calls, 18 flowers, six donations made. Present were Mrs. Carson, Mrs. Albert Haines, Mrs. Noah Lee, Mrs. Harlan Johnson, Mrs. Nathaniel Blackstone, Mrs. Irene Corzatt, Mrs. Rude and little Perry Johnson, a guest.

A true and false game was conducted by Mrs. Rude, and won by Mrs. Blackstone.

The next meeting will be held in the Township Hall March 13.

## 'Sounds from America' Cecilian program theme

Contributions made by the Cecilian Music Club were announced at the meeting held in the home of Mrs. Edmond Woodmansee. Donations went to Endowment Fund, music in hospital, Berkshire music, Transylvania, NFMC Foundation for Advancement of arts, Stillman Kelley, Mac Dowell Colony and Chautauqua. These were announced by Mrs. Russell Giebelhouse.

She also presented the new slate of officers for 1974-President, Mrs. Frank Creamer; vice president, Mrs. Glen Jett; recording secretary, Mrs. Robert Bachelor; reporting secretary, Mrs. Edwin Thompson; treasurer, Mrs. Giebelhouse, librarian, Mrs. Woodmansee; and historian, Mrs. James Vess.

"Sounds From America," parade of American music, was the program theme presented to Cecilian Club members with Mrs. Milbourne Flee, chairman. Assisting was the Cecilian double trio composed of Mrs. Edwin Thompson, Mrs. Lloyd Fennig, Mrs. Maurice Hopkins, Mrs. Flee, Mrs. Wheat and Miss Verna Williams, accompanied by Mrs. Schwaigert. Mrs. Flee narrated throughout the program, with interesting information regarding the songs.

The first hymnal printed in America was in the 1600's and was called the Bay Psalm Book. It was in the 1700's before any accompaniment instruments were used in their music. Stephen Foster was America's first great songwriter. By the 1840's, the black faced American minstrel show was popular. Then came the "ragtime", "jazz", and composers such as George Gershwin, Jerome Kern, Irving Berlin, Cole Porter, and Rodgers and Hammerstein. Mrs. Schwaigert spoke of "jazz." She told the basic rhythms of jazz came from African drumming and was brought to this country by the Negroes. New Orleans is the major center for jazz. She also described the different types of jazz as blues and rags with their different tones, syncopations, four-four times, dissonances, rubato and melodic variations. Jazz bands were small consisting of clarinet, cornet, trombone and drums playing for parades and funerals. Some of the great jazz leaders are Paul Whiteman, Jelly Roll Morton, Fletcher Henderson and Duke Ellington. Jazz then went into a major change and brought with it the big bands like Boodman, Basie, Herman, James, Dorsey's and Miller. Today, the jazz musician has to be able to read and write musical notation in order to survive. She also mentioned that on March 13 at 8:30 p.m. at the Ohio Theater a concert will be presented by the Preservation Hall Jazz Band of New Orleans. All of the members are over 60 years of age and the original New Orleans jazz men. She also played portions of jazz by records and on the piano to demonstrate the music. She also had on display several sheets of very old jazz and ragtime. Most of the composers gave very definite instructions on how the music was to be played - mostly in a march beat.

Also for the program, the double trio sang "Which Way America" by David B. Allen. Mrs. Flee read "America is a Beautiful Word" by Wilferd Peterson. A medley of "America the Beautiful" and a Stephen Foster group of "Old Folks at Home", "Camptown Races", "Beautiful Dreamer" and "Oh Susanna" was sung by all. Mrs. Thompson sang a medley from James A. Bland's "Carry Me Back to Old Virginny." Mrs. Fennig and the trio sang "O Dem Golden Slippers" and "Mood Indigo" by Duke Ellington was sung by the trio, as well as a George Gershwin medley with solos by Mrs. Hopkins and Mrs. Fennig and the arrangement was composed by Mrs. Schwaigert. "Hey, Look Me Over" from Wildcat was also sung by the double trio.

Mrs. Gerald Wheat presented Miss Charla Butler and Mrs. Katy Jamison for membership, and Mrs. Coyt Stookey to be reinstated. They were accepted. She also told of the Kenyon College choir which is to give a concert at 4 p.m. Feb. 24 in First Presbyterian Church.

Mrs. Donald Schwaigert and Mrs.

Wheat are co-chairman of the dinner for the choir. Any member desiring to help with this project, may contact them.

It was also voted to give a \$25.00 scholarship to a student at Miami Trace and Washington Senior High Schools to further music.

Members recorded volunteer hours of service to a hospital or nursing home.

Members and guests, Miss Ann Campbell, Mrs. Harriett Smith, Mrs. Helen VanZant, Mrs. Frank Bracey, Mrs. Charles Hollbrook and Mrs. George Inskeep, were welcomed.

"Rise Up, O men of God," was sung by the group, with Mrs. Schwaigert at the piano.

A Valentine motif was carried out in the refreshments. Hostesses were Mrs. Jett, chairman, Mrs. Bachelor, Mrs. John Case, Mrs. Stanley Skala, Mrs. Walter Coil and Miss Elizabeth McDonald.

By THE ASSOCIATED PRESS  
Skies cleared across the state during the night, letting temperatures fall in to the 20s and below. The pre-dawn reading at Toledo was 12 degrees. Highs this afternoon were expected to climb again into the 30s or low 40s as cloudiness gradually increases.

Ohio is between two low pressure systems. One is near Alabama the other over Lake Superior. These systems were keeping most of the precipitation today to the north and south of the state.

As this system moves eastward, there is a chance of light snow or rain, mainly in eastern Ohio, followed by more clearing tonight. Lows tonight should be mostly in the 20s.

Some sunshine is likely Sunday as a high pressure system moves into the weather picture. Highs should reach the 30s or 40s by afternoon.

Showers are forecast Monday and Wednesday. Fair skies are forecast Tuesday. Highs will be in the 40s and low 50s Monday and Wednesday and in the 30s Tuesday. Lows will be in the 30s Monday and in the 20s Tuesday and Wednesday.

## School absenteeism shows increase during week

Absences in the city schools were up this week, and school officials attributed the increase in large part to instances of the flu. Some 80 students per day were absent from the Junior High School, nearly double the normal rate. Washington Senior High reported absences only slightly above normal, but estimated that nearly 75 per cent of those not in school were victims of the flu.

Miami Trace Principal Curtis E. Fleisher said his school has not been struck too heavily by the flu bug. Although absences were above normal,

the number of cases of flu was not very high. However, many have been home with colds, he said.

State health officials have warned that Ohio currently may be facing a flu epidemic.

Dr. John H. Ackerman, deputy director and chief, Division of Communicable Disease, said outbreaks of influenza have been reported in Clermont, Logan, Montgomery and Butler counties. He said he expects the epidemic to spread statewide within the next few weeks.

According to Dr. Ackerman, the

virus is not the same one which has been responsible for epidemics in recent years. The virus was isolated and identified by officials at the State Health Department laboratory as being Type B influenza. Type A, commonly referred to as Hong Kong or London flu, is not responsible for the recent outbreak.

Although not the same virus, both types have similar symptoms; cough, fever, runny nose and eyes and general listlessness. Treatment should consist of bedrest, plenty of fluids and aspirin for aches and fever. In case of

prolonged illness or unusually high fever, a physician should be consulted immediately, Dr. Ackerman said.

### Reading man killed in car-train crash

CINCINNATI, Ohio (AP) — Donald Ray Smith, 29, of suburban Reading, was killed Friday when his car was run over by a Baltimore and Ohio freight train at a crossing, police said.

Police said Smith apparently ignored both the warning lights and the train horn.

## SCOL champion Lions get balanced scoring

By MARK REA  
Record-Herald Sports Writer

The Washington C.H. Blue Lions ended their 1973-74 basketball season last night on a winning note as they rolled over the Hillsboro Indians, 91-76. The game brought to an end a remarkable 11-1 South Central Ohio League season mark coupled with a blistering 15-3 overall record.

The great season started on a sorry note on Thanksgiving eve when the Lions were embarrassed in their home opening, losing to Portsmouth 73-52. Then the running Lions reeled off seven wins in a row from the WSHS Alumni, Circleville, East Clinton, Greenfield, Madison Plains, Wilmington, and return match against Portsmouth. During this period, the Lions depended heavily upon the scoring efforts of sophomore Doug Phillips and senior Kenny Knisley while counting on board strength from Doug Boswell and Garth Cox (no longer with the team) while regular pivotman Jeff Wallace was sidelined for five games with infectious mononucleosis.

### Lion jayvees

### falter in season finale

The Washington C.H. Blue Lion reserve basketball team ended a sorrowful season last night on a sorrowful note as they lost to the Hillsboro Indian jayvees by a score of 63-48. The loss sent the Lions home with a 5-7 South Central Ohio League mark and a 5-12 overall mark.

The Lion reserves stayed close to the Indians in the first quarter at 12-10 and then tied them at 27-27 at halftime. Then, as has the case has been most of this season, the Lions had one terrible quarter. This time it was the third period when only four points were scored, all by Eddie DeWees, against the sum of 15 tallies for the Indians.

The Lions were paced in the scoring department by DeWees who scored 14, Scott Sefton with 12, and Randy Jamison with 11. DeWees and Jamison scored their points while playing in parts of only two quarters. The Hillsboro attack was spearheaded by Allen McKenzie with 17 points, Barry Zink with 13, Bud Marsh with 12, and Doug Caudill with 10.

Bright spots throughout the year for the Lion jayvees were Sefton who scored in double figures almost every game, Jamison, DeWees, and Mark Lamberson for coming off the bench and scoring and rebounding; Randy Gardner and Randy Sparkman for scoring games of 31 and 19 respectively, top outputs by the jayvees this year; and the sparkling play lately of Dewey Foster who scored 22 points in two games and pulled down many rebounds.

## MT reserves end season with victory

Miami Trace reserves ended the 1973-74 season on a winning note Friday evening by defeating Madison Plains 59-55. The victory gave the Panthers a 10-2 SCOL record, good enough for second place and a 13-5 overall chart.

The Panthers started out fast, reeling off 11 straight points while holding Madison Plains scoreless through the first 5:30 of play. The Golden Eagles finally scored with just 2:21 left in the first quarter on a foul shot. Before the quarter ended however the Golden Eagles collected six more points while the Panthers were scoreless ending the quarter 11-7 Miami Trace in command.

Miami Trace doubled the Eagles score in the second quarter 20-10 receiving six points apiece from John Schlichter and Dan Glifford. The half ended 31-17.

Madison Plains out pointed the Panthers 18-17 in the third period with the bulk of the Eagles scoring coming in the person of Dave Wilson. The big center accounted for 10 of his 14 points in the third period. Greg Cobb collected six points for Miami Trace.

Coach Mike Henry was substituting freely in the fourth quarter as was Madison Plains. Madison Plains sub Dick Redding put spark in the Eagle's attack scoring 10 points in the fourth quarter making the Panthers bring the starters back in to complete the game. Cobb was the lone scorer for Miami Trace in the fourth quarter collecting 11 points. Final tallies of the fourth period had Madison Plains outscoring the Panthers 20-11.

Cobb and Schlichter were leading scorers for Miami Trace collecting 19 and 14 points respectively. The duo also accounted for 21 of the 42 total rebounds the Panthers grabbed. Gifford collected eight points and Alan Connor and Gary English contributed six points apiece.

came Christmas and the Miami Trace Panthers. At the MTHS gym, the Lions were stung with a 51-50 loss and had to share first place with their county rivals. Then after another loss to class AAA, state-ranked Chillicothe, the Lions won their last eight in a row climaxing with the win over the Indians last night.

The Lions were paced last night by four regulars in double figures plus a deadly aim from the floor and charity stripe. The Blue Lions saw an amazing amount of 40 of the 79 field goal attempts go through the nets for a 50.6 per cent average. Hillsboro could manage only 27 of 59 floor shots to go through for a 45.8 per cent average. Also Washington C.H. held the advantage, in percentage, at the free throw line. They made 11 free throws and missed only two for a blazing average of 84.6 per cent. The Indians' average was just 81.5 per cent but they made 22 of 27 shots.

The Blue Lions also grabbed 42 rebounds to the Hillsboro total of 33 bringdowns. The Indians turned the ball over just nine times during the game but the Lions gave the ball away only four times the entire game.

The first quarter started as a flurry of point scoring by both sides. Neither team chose to set the ball up in the forecourt and instead took the fast jumper from long range and both sides hit with consistency. The Indians, however, were a little more consistent behind the scoring efforts of SCOL leading scorer Steve Bailey who had 12 first period points. Heading the Lion attack in the first period was Wallace who had six points. The hard work by both teams resulted in a 26-20 Hillsboro lead.

The second quarter was equally as fast as the first period. Again neither team set the ball up and just fired away from 15 to 30 feet. Spearheading the Washington C.H. second quarter attack was junior Craig Shaffer. In the last three games of the season, Shaffer has reeled off a total of 74 points. The Hillsboro attack was again anchored by Bailey who scored six points in the second frame. The Indians still led by a score of 46-42 at halftime.

After intermission and a probable stiff pep talk by head coach Gary Shaffer, the fired-up Lions began the second half by reeling off 10 consecutive unanswered points and taking a lead of 52-46, a lead they would never relinquish. The Indians tried to get back some points throughout the middle of the quarter but a sticky Lion defense rattled them into making countless mistakes. Not until the final minute of play did Hillsboro score seven unanswered points and tighten the game at 66-63 in Washington C.H.'s favor at the end of the third period.

In the final quarter, the Lion offense went wild as they picked apart the Indian defense on their way to a sparkling 25 point quarter. Their defense was equally as sparkling, allowing Hillsboro just 13 final period tallies. In the final 1:35 when Washington C.H. led Hillsboro 78-76, sophomore Chuck Byrd scored 11 points to ice the game for the Lions. They won it going away, 91-76.

**THOSE FOUR** starters in double figures were Wallace with 24, Phillips with 20, Byrd with 17, and Shaffer with 14. Also aiding in the winning cause were Knisley with 6 and Boswell and Jim Vess with 4 each. The Hillsboro scoring was paced by Bailey and Lawrence Turner with 19 points apiece, Dave Larimer with 14 tallies, and Mike Vance who chipped in with 12 counters. Helping out in the scoring were Roger Jewett and Mike Sharkey who contributed four points each.

The rebounding crew for Washington C.H. was comprised of Phillips with 15, Wallace with 13, Shaffer with 4, Knisley and Vess with 3, Byrd with 2, and Boswell and Alan Coppock with 1 each. Shaffer also contributed 10 assets to the Lion cause. The majority of the Hillsboro rebounds were brought down by Jewett, Larimer, and Turner.

The Blue Lions began tournament play Feb. 27 at Unioto High School when they meet the winner of the Oak Hill-Jackson. Should they win that match, they will play the winner of the Hillsboro game. Hillsboro's opponent will be chosen in a match between Wellsville and Greenfield.

## All Panther starters hit in double digits

By DENNIS STAPLETON  
Record-Herald Sports Editor

Miami Trace ended the regular season Friday night with a surprisingly close 76-68 victory over much-improved Madison Plains. The final victory was very similar to the opening season win against Columbus Watterson.

The Panthers opened the season with a 77-62 victory over Watterson with a five-man scoring attack. In the opener all five senior starters placed in double figures to pace the win. The victory Friday night over the Madison Plains Eagles was again paced by those five seniors playing in their last regular season game in a Panther uniform.

Center Dave Persinger led all scorers with 22 points followed by Dave Steinhauer's 14, Randy Reiber's 13, Jeff King's 13 and Steve Mowery collected 10.

**MADISON PLAINS** was also represented well by its starters. Four of the five reached the double digit column. Junior scoring ace Dave Joslin countered 21 aided by Vic Tope's 14, Steve Scaggs' 13 and Russ Tope's 14.

The 76-point total is the second highest scoring mark the Panthers have reached all season. After opening the season with a 77-point production Miami Trace slipped in the scoring brackets until reaching the identical 77 points against Hillsboro. In the first meeting between the two teams the Panthers collected 72 points - their highest pointage on the road - which ranked as the second highest offensive output of the 60 year for Miami Trace until Friday night.

Madison Plains, coming off a stunning 83-57 victory over Greenfield last Friday, hadn't lost the hot hand when the game started Friday. At one time in last week's game with Greenfield the Eagles were blistering the nets at an 80 per cent clip. After the first half of the Miami Trace game Madison Plains was still boiling-shooting over 60 per cent - to hold a 39-31 advantage. Miami Trace though was frozen at around 36 per cent.

The second half didn't bring much of a change for Madison Plains. The Golden Eagles were still sailing along at better than 40 per cent accuracy but Miami Trace improved its scoring mark to a nifty 62 per cent to account for the Panthers margin.

In all Miami Trace connected on 33 of 68 attempts while Madison Plains countered with 31 of 59 tries. Neither team was prolific from the charity stripe with Miami sinking 10 while Madison Plains connected on just six of 17.

Panthers drew first blood but Madison Plains wasted very little time swooping to a 9-3 lead middle way through the first quarter. King countered with a tip but the Eagles bit hard again with four straight points. During one small span of three minutes Madison Plains had outscored Miami Trace 11-2 for a 13-5 lead. Miami Trace battled back to within four points 19-15 to end the quarter.

The Panthers improved their shooting somewhat in the second quarter but Madison Plains continued to hold onto a comfortable lead with amazing accuracy from long range. Miami Trace fell back into a nine point deficit 33-24 with just three minutes remaining in the half.

Mowery quickly countered with two bombs and King collected a free-throw to bring the Panthers to within four 33-29. But Madison Plains against exercised good rebounding position after two 10 foot jump shots by Vic Tope and Joslin to regain an eight point margin ending the half.

Miami Trace was out rebounded in the first half 23-18 but Madison Plains committed five more turnovers.

In the early moments of the third period Miami Trace outscored Madison Plains 10-4 to bring the score to 43-31. Madison Plains reacted for two straight baskets for a six point lead before the Panthers peeled off seven straight points to take the lead for the first time since the opening bucket; 48-47. The Panthers held Madison Plains scoreless more than two minutes before giving up a three point play by Bogenrife to end the period 50-48; Madison Plains holding the upper hand.

**THE FOURTH** period still saw Madison Plains ahead with just under four minutes remaining when the Panther unleashed a scoring attack.

Miami Trace bolted for seven straight points and a 70-64 lead on two foul shots by King, a lay-up by Persinger and a three point play by Steinhauer. Madison Plains stole an inbound pass and converted the error into two points but the Panthers again caught fire exploding for six unanswered points before giving up a last second shot to Russ Tope ending the game. Miami Trace had outscored the visitors 28-18 in the final period.

### Innocent plea entered to triple slaying

COLUMBUS, Ohio (AP)—Clifford Chase II, 19, accused of killing his parents and 17-year-old brother, pleaded innocent by reason of insanity Friday to three charges of aggravated murder. No trial date was set.

Robert Chase, 44, his wife, Joan, 42, and son, Robert, were found shot to death in and near their suburban Worthington home Feb. 4. Clifford Chase reportedly told police he shot them during a quarrel the previous night.

### Firm recalls some series of mowers

DAYTON, Ohio (AP)—The Huffman Manufacturing Co. has recalled four series of 24-inch power riding mowers produced in 1973.

The company said some models have a problem with the cutting blade which makes it impossible to disengage the blade drive.

The firm identified the mowers as H-1015, H-1017, and W-1013 "Pinto" label and Z-1015 "Huffy" Label.

The company said owners should not use the machines until the blade drive belt has been checked and replaced, if necessary, by an authorized service dealer.

Only mowers purchased after April 1, 1973, are involved, the company said.

The model identification is found on the nameplate under the seat on each machine.

The firm said it has advised the U.S. Consumer Product Safety Commission of the problem.

Inspection and correction will be made without charge, the company said.

For 250 years, Greenland was a Danish colony, sealed off to protect the Eskimo hunting culture from outside influences.

#### New Test for Breast Cancer

A method is being sought for the earliest possible diagnosis of breast cancer, for it is an accepted fact that when these tumors are found early and treated immediately, the chances for complete recovery are vastly increased.

Dr. Jeffrey Schlom, of the National Cancer Institute, working in collaboration with Dr. S. Spiegelman of Columbia University, reported experimental evidence that immunological tests may soon be available to detect early breast cancer.

For people with hay fever who are sensitive to ragweed pollen, a new preparation may soon be available.

Dr. Roy Patterson, of Northwestern University in Chicago, is enthusiastic about a polymer of antigen E for the control of hay fever. A polymer is a chemical variation of the material now used to desensitize people to the offending factor present in ragweed pollen.

Birth defects in the newborn are taking a prominent place on

the scientific agenda in laboratories and hospitals all over the world.

Dr. Tibor Devenyi, of the Institute of Biochemistry in Hungary, originated a screening technique by which metabolic errors in the newborn can be readily detected.

It is known as "chromatography" and is performed by taking a small sample of blood from the newborn baby's heel. The blood is then dried and put through an automatic analyzer which can provide information of great diagnostic value.

This color photo technique holds great promise for the detection of metabolic errors that can be corrected soon after the baby is born.

Dr. L. Henry Edmunds, Jr., of the Children's Hospital of Philadelphia, has devised an oxygenator which, it is hoped, will reduce the large amount of blood that is usually necessary for open heart surgery.

The usual requirement of 15 to 20 pints of blood has, by this method, been reduced to two or three pints during and after surgery.

## Ohio regents approve plans for schools

CINCINNATI, Ohio (AP) — The Ohio Board of Regents has voted to support planning and construction of a \$1.5 million branch campus of Kent State University in Geauga County.

The board, in a 6-2 vote at the University of Cincinnati Friday, endorsed the Ohio Legislature's mandate for construction of the Burton branch of Kent State.

The vote followed discussion of whether the legislature is mandating too many of these institutions to be paid for by the state.

Kent State President Glenn Olds said the money for the branch will be spent well. It will be a valuable asset to Geauga County, he said.

In other action the board approved: —A master of arts degree in black studies at Ohio State University.

—Establishment of a Scioto County State General and Technical College. This would involve merger of the Scioto Technical College and the Ohio University branch at Portsmouth. The OU branch at Ironton was not discussed in the measure.

—A resolution asking the University of Cincinnati, Wilmington College and interested residents to work toward creation of a new general and technical college for Clinton, Fayette, Highland, Brown and Adams counties.

—Consideration of distributing \$750,000 in legislative funds for educational television equipment for WNEO-TV, a northeast Ohio consortium; WOUB-TV at Ohio University; WBGU-TV at Bowling Green State University; and WMUBTV at Miami University.

## 50 black students ousted at Middletown

MIDDLETOWN, Ohio (AP) — Middletown High School authorities Friday suspended 50 black students following a sit-down demonstration in the auditorium.

Police escorted the students out without incident. The students said they were protesting seating arrangements at the theater at the end of Black History Week.

In Russia, craftsmen made artificial eggs for Easter ranging from simple models in stone or porcelain to the precious gold and gem creations of Carl Faberge.

## Tipplers protest brewery closing

LONDON (AP) — A thousand beer lovers plan to drink their town dry as a protest against plans to close Britain's oldest brewery.

The "drink-in" will follow a march through the streets of Stone, in Staffordshire. It has been organized by members of the Campaign for Real Ale, who will be joined by union members fighting the closure next April of J. & A. Leakey, which was founded in the 12th century and produces a special beer from a secret recipe first evolved by monks.

But the giant brewery combine which is switching production to another brewery says, "These beer drinking gentlemen needn't worry. The J. & A. Leakey beer will continue to be brewed to the same secret recipe."

## Pocket parks and gardens

NEW YORK (AP) — Jack Gasnick, who has a plumbing supply and hardware store in Manhattan, also owns 28 odd bits of land around town that cost him \$800 a year in taxes and yield not a cent. He bought his land scraps to tax sales as a hobby. They're all, or almost all, too small to build on, and anyway that's not the idea. He makes his acquisitions as a hobby.

"All I'm looking for is land with grass or trees or shrubs or enough room to plant a garden," he explains.

## WPAFB employees protesting order

DAYTON, Ohio (AP) — The civilian employees union at Wright-Patterson Air Force Base is protesting a Pentagon-ordered parking plan which the union claims will result in "mandatory carpooling."

Henry Webb, president of Local 1138 of the American Federation of Government Employees, registered the protest against the proposed new policy in a letter Friday to the commander of the Air Force Logistics Command at the base.

Webb's letter says that while the union and its members support voluntary energy-saving programs, they "strongly oppose this parking plan as 'unfair, unworkable, unsafe and unwise.'"

The plan recommends that after March 7 "not less than 90 per cent of the (base's) employe parking" be allocated to carpools of two or more employees. The remaining 10 per cent would be allocated to "executives, severely handicapped and personnel working unusual hours."

The union contends the plan is unfair because it exempts executives, does not give credit to those driving economy cars and "places a greater burden on Department of Defense employees than on the general public."

Webb also contends the plan fails to consider employees working at Wright-Patterson who "do not live near anyone else working at the base during the same hours."

He also predicts that many employees will park on streets and roads near the base, rather than join carpools.

A spokesman for the base said the plan is being studied and that so far there is no "clearcut definition" of what is many by an "executive" who would be exempt from the plan.

## Open probe into theft of paintings

CINCINNATI, Ohio (AP) — A special grand jury has opened its probe into the theft of two Rembrandt paintings and took testimony Friday from a Cincinnati man who has been given immunity from prosecution.

Hamilton County Prosecutor Simon Leis Jr. refused to say how long the jury would remain in session.

Three Loveland, Ohio, area men were arrested following return of the two paintings and recovery of a \$100,000 ransom.

Donald Lee Johnson, 29, was granted immunity by Hamilton County Common Pleas Court Judge William Mathews Friday before going before the special jury.

The paintings "Portrait of an Elderly Lady" and "Man Leaning on a Sill," valued at \$2 million, were stolen Dec. 18 from The Taft Museum in downtown Cincinnati.

The Cincinnati Enquirer quoted an unnamed police source as saying Johnson was a tipster in helping solve the case.

## \$106 stolen from safe

City Police reported a burglary at the French Hardware Store and the Fayette County Sheriff's Department investigated a breaking and entering at a Jeffersonville home.

Officers said \$106 was stolen from the office safe at French's, 153 W. Court St., sometime between noon Thursday and 9 a.m. Friday.

A thief used a pry bar to gain entry through a door of the Larry Milstead residence, Jeffersonville, sometime between 3:30 p.m. and 10:45 p.m. Friday, sheriff's deputies reported.

A bedroom closet had been ransacked, but apparently nothing had been taken.

## 1.2 million cars recalled

DETROIT (AP) — General Motors has recalled 1.2 million passenger cars and light-duty trucks in a search for 1,200 vehicles with possible defects in their brake systems.

GM officials said Friday the vehicles are equipped with a single diaphragm brake booster that might have defective vacuum power brake housings.

The auto maker said eight accidents have been reported involving brake failures caused by defective housings. It said none resulted in injuries.

About 85 per cent of the recalled vehicles are in the hands of owners, GM said.

Vehicles involved include 1973 and 1974 intermediate and fullsize Chevrolets; 1973 intermediate Buicks, Pontiacs and Oldsmobiles; 1973 and 1974 compact models of Nova, Camaro, Ventura, Firebird, Omega and Apollo; and 1973 and 1974 Chevrolet and GMC light-duty trucks.

Required modification of the brake booster would take only 10 minutes and would be performed without charge, GM said.

## KIRKPATRICK FUNERAL HOME

Dear friends,

Children's activities should not be restricted despite a death in the family. If anything, young children need to play more and harder when their parent or parents are in mourning. The tragedy needs to be explained to children in a simple manner so that the child comprehends the reasons for the tears and grief. The child needs to express his grief in strenuous play and vocal expression, away from the mourning parent if necessary.

Respectfully,

*Richard Kirkpatrick*
